Volume of Bills Grows Heavy In Legislature

Total Exceeds 1,000 As Deadline Nears; New Record Possible

COLUMBUS, Ohio (AP) — Sometime late today the Ohio Legislature might set a new record for bill introduction.

This is the last day the 102nd General Assembly will accept proposals for new laws or changes in old ones.

In the race to beat the deadline, lawmakers introduced 166 bills Monday night to bring the session total to 1,017.

On deadline day in 1955, legislators introduced 434 bills. If today is anywhere near a match for the deadline day two years ago, the 1955 record total of 1,355 will be surpassed.

When the dust settles from the big bill-introduction flurry, a number of lawmakers are going to be astonished at the content of the bills they are sponsoring.

Speedy Action

In dozens of instances Monday night, newsmen asked legislators to explain bills they had just introduced and got the answer:

"I don't know. The bill was just handed to me a few minutes ago."

Such bills come from lobbyists and other representatives of "pressure groups." But such last-minute measures have practically as good a chance of final enactment as bills introduced earlier.

Of the 434 introduced on "deadline day" two years ago, 91 became law—something more than 20 per cent. Slightly fewer than 25 per cent of all bills eventually become law.

A couple of loud echoes from the 1955 session were heard in bills introduced Monday night.

One was a bill to prohibit a public school pupil from being a member of a secret society—a fraternity or sorority, in short.

Would Provide Expulsion

A similar proposal got stuck in the Senate Rules Committee two years ago after it got a resounding vote in the House. The new proposal would provide expulsion for youngsters who persist in secret-society membership. It prohibits the wearing of fraternity or sorority jewelry on school property.

Another echo was reintroduction of the "right to work" bill, a proposed law to guarantee that there shall be no picketing to interfere with free access to industrial plants and provide fines for those who seek to compel union membership. In 1955 the bill produced oratory but no action.

While bill introduction was in full swing, the House managed to pass two bills and send them to the Senate.

One would license commercial driver training schools and their instructors. It was approved, 118-7.

Dog Deadline Changed

Another would advance from Jan. 1 to Jan. 20 the deadline for county auditor registration on dogs more than three months old. It was approved, 122-0.

The House scheduled a vote today on a bill to lower license fees for private motor transit coaches to $10 a year. Some now pay as high as $300.

Voters To Decide

COLUMBUS, Ohio (AP) — Voters will decide whether Columbus will have Daylight Saving Time.

City Council Monday night voted unanimously to place the question before voters at the May 7 primary. If the city charter amendment is approved, "fast time" will go into effect here May 12.

For Korean Veterans

Forms for Bonus To Be Distributed

(Sample Blank on Page 16.)

Marion County veterans of the Korean War may obtain bonus application blanks beginning at 1 p.m. March 11 at the Marion Veterans Service Center, 126½ S. Main St., Mrs. Madeline Tatham, manager of the center, announced today.

The blanks will be delivered to veterans service offices throughout the state by members of the Ohio National Guard and State Highway Patrol, with all deliveries to be completed by noon on that date.

—:—

MRS. TATHAM said special office hours probably will be arranged after the forms arrive to accommodate veterans who require assistance in filling out the forms.

There are an estimated 1,748 veterans of the Korean conflict in Marion County, she reported.

A meeting has been scheduled in her office for 7:30 p.m. Wednesday, during which Robert McCoy, an examiner for the Korean Conflict Compensation Fund, will be here from Columbus to discuss procedure in aiding applicants. Veterans organization representatives throughout the county have been urged to be present at this meeting.

As passed by the state's voters, bonuses up to a maximum of $400 will be paid at the rate of $10 a month for domestic service and $15 a month for foreign service between June 25, 1950, and July 19, 1953.

—:—

THERE ARE TWO separate forms on which bonuses may be applied for, Mrs. Tatham points out.

The most common one is the K1 form, which will be used by all veterans who are eligible for a bonus under the stipulations of the law. The other is the K2 form, and will be used by the next-of-kin of veterans who were either killed in action, have died since the war's termination as a result of war-inflicted injuries, or who have died of natural causes not service-connected.

Under the law, the next-of-kin of veterans who were killed in action or who have since died of war-connected causes, are entitled to the maximum amount of the bonus, or $400. If, however, the veteran is deceased from non-service connected causes, the next-of-kin may apply for only that amount of money which the veteran would, were he still alive, have been entitled to, Mrs. Tatham said.

The local service director said county veterans should have little trouble with the forms. "They seem quite clear and the directions are explicit," she said, but added: "We will be glad to help any veteran who needs assistance."

The deadline for filing for the bonus has been set as Dec. 31, 1958. All applications, when completed, must be mailed directly to C. W. Goble, director of the Korean Conflict Compensation Fund, at 293 E. Long St., Columbus, O.

Final Vote Due On President's Mideast Stand

WASHINGTON (AP)—The Senate may complete its action today on a warning to Russia that the United States will fight, if necessary, to preserve Middle East independence against any armed Red aggression.

Sen. Lyndon B. Johnson (D-Tex), the majority leader, told reporters he has "strong hopes" for adoption of President Eisenhower's Middle East resolution before quitting time tonight.

The House passed the resolution overwhelmingly in somewhat different form several weeks ago.

Foreign Aid Director John B. Hollister said final congressional action will speed a U.S. fact-finding mission to the Middle East "to show we mean business" on a concurrent program of aid. The mission is headed by former Rep. James P. Richards (D-SC).

Robert Evans on Program

Executive for Whirlpool To Talk on Career Day

Kickoff speaker for the general session of the 16th annual Career Day for local high school students will be Robert L. Evans, vice president of personnel for the Whirlpool-Seeger Corp., St. Joseph, Mich., and brother of Glenn Evans, former manager of the local Whirlpool unit.

Mr. Evans will address students of both St. Mary and Harding High Schools next Tuesday at 8:45 a.m. in the Harding High School auditorium concerning career opportunities.

Before he was elected to his present position in November, 1956, the speaker was general manager of the Clyde, O., division of Whirlpool-Seeger for three years.

While in Clyde, he served as chairman of the board of trustees of the Fremont YMCA; was a member of the board of directors of that group, and was a trustee of the Fremont Memorial Hospital.

Prior to joining the Whirlpool staff, he was employed by the Mar-

Beck Under Pressure To Face Probe

Head of Teamsters Union Loses Excuse To Remain Abroad

WASHINGTON (AP) — President Dave Beck of the Teamsters Union faced additional pressure today to speed his return to this country for questioning by senators probing labor-management racketeering.

Secretary of Labor Mitchell Monday canceled plans to name Beck as a U.S. delegate to a world labor conference which he said Beck had given "as one reason, among others" for remaining overseas.

Opens Next Monday

Beck had been in line to represent the United States at a transportation conference of the International Labor Organization to open in Hamburg, Germany, next Monday. Beck, on his third trip to Europe in three months, had said he could return by March 26.

Mitchell said replacement of Beck at the conference seems to mean that the Teamsters Union president could return before that date.

Robert F. Kennedy, counsel to the Special Senate Rackets Committee, said he hopes that will be true. He added that Beck will be "given a chance to cooperate" when he does return.

Awaits Beck's Reply

Kennedy said Beck has not yet replied to the committee's request to examine his personal financial records, which Kennedy said cannot be subpoenaed while Beck is out of the country.

There were these other developments in the mushrooming investigation by the committee, headed by Sen. McClellan (D-Ark). The committee:

1. Called racketeer James B. Elkins back to its witness stand, under special precautions for his physical safety, to testify about allegations that he and a Western Teamsters Union Official were linked in a questionable real estate deal in Portland, Ore.

2. Announced it plans hearings on what it called "smelly" evidence involving other unions in New York City after winding up its current hearings on charges that a union-underworld combine from Seattle tried to "muscle in" on rackets in Portland.

3. Awaited repercussions from a blast Sen. McCarthy (R-Wis) aimed at one of the committee's investigators whom chief counsel Kennedy promptly defended.

Investigator Identified

Kennedy named the investigator as Robert Greene, 27, a reporter on leave from the newspaper Newsday in Garden City, N. Y. Kennedy said he wished he had more investigators "just like him."

McCarthy never did mention Greene by name in a Senate debate in which he said Greene once was indicted on charges of subornation of perjury. He said the charges were dismissed after death of the man who accused Greene of trying to get him to give false testimony. McCarthy said the investigator was "guilty" of the offense.

Coliseum Will Be Discussed

Stout To Meet With Officials Wednesday

The Marion County Fair Board, Coliseum Board and the county commissioners are scheduled to meet at 7:30 Wednesday night in the commissioner's office with County Prosecutor Robert O. Stout.

During the meeting, Mr. Stout will discuss the future disposition of the Coliseum with the members of the boards and the commissioners. Mr. Stout said this morning he would tell those present "not what they have to do, but what they can do."

The county prosecutor said his recommendations would be given in spite of the fact that the state examiner's special audit of the Coliseum will not be ready for some weeks yet. "We do not intend to wait for that report before we act," he declared.

The report charged that the affairs of the Coliseum had been mismanaged, and stated the examiner's belief that the Coliseum Board was an illegal body. Local action on the report has been withheld pending the arrival of the full printed report of the audit.

A spokesman in the state auditor's office told Mr. Stout last week that the audit was in the hands of the printers, but would not be ready for approximately four weeks.

2 Years for Conspiracy

Connelly, Caudle Get Prison Terms

ST. LOUIS (AP)—Matthew J. Connelly and T. Lamar Caudle, who held high positions in the Truman administration, today were sentenced to two years in prison and fined $2,500 each for conspiring to defraud the government.

Federal District Judge Gunnar H. Nordbye, before imposing sentence, denied a motion for a new trial.

The last-minute motion filed Monday was that the late Federal Judge Rubey M. Hulen, who presided at their trial last summer, was in "no proper mental and physical condition" to preside at the trial.

Found Shot to Death

Judge Hulen was found shot to death in a yard at his home three weeks after Caudle and Connelly were convicted by the federal court jury.

Judge Nordbye said today he found nothing in the record of the case to indicate Judge Hulen had suffered from any mental disturbance at the time of the trial.

Connelly and Caudle could have been sentenced to five years in prison and fined $10,000 each.

A coroner's jury was unable to determine whether Judge Hulen killed himself deliberately or accidentally.

Jury Returns Verdict

Connelly was White House appointment secretary during the Truman administration. Caudle was head of the Justice Department's tax division until Truman fired him for having outside interests that conflicted with his official duties.

A jury of four women and eight men found June 14 that they conspired to try to avert the prosecution of Irving Sachs, a St. Louis shoejobber and income tax evader, who paid a $40,000 fine but didn't go to prison.

Harry I. Schwimmer, a former Kansas City attorney, was also a defendant, but a mistrial was declared when he became ill.

At the trial the government contended that Schwimmer, using Sachs' money, gave oil royalties and things of other value to Connelly and Caudle to use their influence to avoid prosecution of Sachs.

A deposition from former President Truman was read into the voluminous evidence the trial produced.

In it, Truman said that Connelly could not have been appointed to various official positions in Washington "if his reputation had not been above reproach."

Child Is Badly Hurt in Crash

A Marion child identified as Karen Richardson, 5, daughter of Mr. and Mrs. George Richardson of 438 Park St., was seriously injured late this morning when run over by a backing semi-trailer truck in the vicinity of Taft Junior High School on N. State St.

First reports were that the child was run over by three wheels of the truck. Authorities at the Marion General Hospital emergency ward reported she suffered severe internal injuries, a fracture of the right leg and a possible fracture of the left. They reported her condition at noon as "critical."

The youngster was taken to the hospital in a Hughes ambulance.

Ben-Gurion Fights Wave Of Criticism

Premier To Request Vote of Confidence, Reports to Parliament

JERUSALEM (AP) — Premier David Ben-Gurion today appeared to be weathering a political revolt against his personal decision to order Israeli troops out of the Gaza Strip and the Aqaba coastal area.

Political informants said rebellious parties in the government coalition now were expected to line up with the 70-year-old Premier on a vote of confidence after his explanation today to the Knesset (Parliament) of his withdrawal order. The rebels' support would ensure endorsement of Ben-Gurion's policy.

May Start Wednesday

An Israeli army spokesman in Tel Aviv said actual withdrawal of troops from the Gaza area had not yet started, but that it was expected to begin shortly, probably Wednesday.

A spokesman for the Israeli military governor in Gaza said forces there "are getting everything ready to move just as soon as UNEF comes in." Asked if the Israeli evacuation might start today or Wednesday, he replied, "Not today anyway."

The spokesman said quiet prevailed among the strip's Arab population and that security measures had been tightened against possible anti-Israeli demonstrations.

Gaza Pullout Larger

There was no word on the start of withdrawal from the Sharm el Sheikh area on the Gulf of Aqaba coast, but a military informant said the evacuation there would be a short operation. He said the withdrawal from the Gaza Strip would require two to three weeks. The pullout from Gaza was expected to be accomplished by stages as the Israelis progressively transferred administration of the strip to U.N. units.

The militant right-wing Herut (Freedom) party called a demonstration in Jerusalem, coinciding with the Premier's speech, to protest what it called the government's "disastrous surrender."

Several hundred persons, mostly students, marched on the Knesset Monday, shouting "Stop the withdrawal" and calling on Ben-Gurion to resign. Police threw up a cordon to halt the surge and wielded clubs to scatter the demonstrators.

Working under heavy strain and almost to the point of collapse, the white-haired Premier appeared to have overcome the political rebellion by adroit political maneuvering and by presenting his opponents with the accomplished fact of a withdrawal order.

U.S. Plans To 'Unfreeze' Program of Mideast Aid

WASHINGTON (AP) — American officials are making plans to unfreeze U.S. aid to the embattled Middle East area this month in a further effort to restore tranquility there.

All aid programs in the immediate area were necessarily suspended last fall when the British-French-Israeli attack on Egypt forced the recall of 199 foreign aid officials, together with their families, to avoid injury. That left nobody in the area to administer the aid programs under way in Israel, Egypt and Lebanon.

Experts To Return

Officials said today orders to return to their posts will go out to these 199 experts sometime this month—presumably as soon as Israeli troops complete withdrawal from Gaza and Sharm el Sheikh, and the last sunken ship is cleared from the channel of the Suez Canal.

Congress has appropriated 750 million dollars for military and economic aid in the Middle East during the fiscal year ending next June 30. President Eisenhower has an additional 100 million dollars to use as he sees fit.

Awaiting congressional approval is Eisenhower's request for a freer hand in spending 200 millions of available funds in the area.

Requests Pending

Israel has pending a request for U.S. arms, as well as an application for a 75-million-dollar Export-Import Bank loan for irrigation.

Syria, which U.S. officials consider pro-Moscow, gets no U.S. aid of any kind and has been offered none.

No problem is seen in resumption of aid programs in Lebanon, with which the United States has had close ties.

Egypt had been getting farm surplus products and some technical aid, but with reference to new funds Secretary of State Dulles told a Senate committee, "We have no present plans for giving economic help to Egypt."

U.N. Suspends Arguments on Disputed Area

Steps To Be Followed After Troops Leave Will Produce Debate

UNITED NATIONS, N.Y. (AP) — Faced with widely divergent views over steps to be taken in Gaza and the Gulf of Aqaba areas after Israel withdraws, the U.N. Assembly suspended its debate today to await developments.

No date was fixed for the next meeting, but the Assembly was expected to convene later this week to hear a report from U.N Secretary General Dag Hammarskjold.

No opposition was expressed to the temporary takeover of the Gaza Strip and the Gulf of Aqaba area by the U.N. Emergency Force. But there was widespread difference of opinion on these two questions:

1. The right of free passage through the Strait of Tiran into the Gulf of Aqaba as demanded by Israel and upheld by the United States and other maritime powers.

2. The eventual administration of the Gaza Strip and its 300,000 Arabs, two thirds of them Palestine refugees living on U.N. relief allotments.

Britain, Italy, the Netherlands and Belgium were among the maritime powers lining up in the Assembly with the United States in contending that the Strait of Tiran is an international waterway through which Israeli and other shipping is entitled to free passage.

An Israeli delegation source said that his country in its negotiations in recent weeks, especially in Washington, had achieved "very close to the guarantee" of free passage which Israel sought.

But Mohammed Fadhil Jamali of Arab Iraq said this was only one aspect of the Palestine problem.

Dulles Claims Egypt Slows Down on Suez

WASHINGTON (AP)—Secretary of State Dulles said today that Egypt has tended to drag its feet on arrangements to open the Suez Canal before all Israeli troops are out of the country.

In the light of Israel's weekend withdrawal decision, Dulles said he hopes Egypt will now end its foot dragging very quickly. He estimated the canal could be opened in 10 days.

Answering questions at a news conference, Dulles also said a ship flying the United States flag should be going into the Gulf of Aqaba some time soon, although he called that a matter for the shipping companies to decide.

Glenn Beckley, County Native, Retires

5 Decades in Music Enough

A former Marion Countian whose career has encompassed playing for country dances, presidential campaign parades, on to the big time vaudeville circuit and back to the school room, is retiring after 50 years in the field of music. He is Glenn Beckley, music director of the Aynor High School in Aynor, S. C.

During the 50 years he took time out to teach in town and county schools, work in the engineering department of the Marion Steam Shovel Co. plant, now the Marion Power Shovel Co., where he made an envious record as a mathematician and designer, and also with a manufacturing concern in Mansfield.

—:—

HE WAS BORN in a log cabin in Agosta, now New Bloomington, to David and Phoebe Hill Beckley.

His was a musical family. His father played the bass drum in the town band, string bass in an orchestra which played for social occasions and square dances. An uncle played baritone, another the trombone, another the bass and another directed the band and played cornet and clarinet. Still another uncle made violins which he played well.

Glenn's musical career began with the purchase of a banjo at the age of five.

When he was eight years old, the family moved to a farm one-half mile south of Richwood. At school, his interest in the singing and musical lessons soon put him at the head of the class. At the age of nine, he was getting music out of a second hand brass cornet, and with two of his cousins, playing the banjo and harmonica for square dances in homes and town halls.

GLENN BECKLEY
Professional Musician at 9

A Mr. Wright, who was in the creamery business in Richwood, and in his spare time directed the town band, invited him to band rehearsals where he played an upright tenor horn because the cornet and drum sections were filled.

—:—

LATER, AT THE age of 16, he was the director of a band of younger musicians whose music was in great demand for reunions, fairs and other gatherings. Also he found time to play in an orchestra organized by David Neal which played for such functions as school commencements, farmers' institutes and similar events.

At the age of 17 he began teaching in county schools and playing with the Dowler Concert band and directing his own orchestra. Later the band was known as the Marion City Band, and Glenn was the director. He also taught in his home studio.

He recalls that the band played for parades and speeches during the presidential campaigns of William Howard Taft, Warren G. Harding and William Jennings Bryan and at celebrations ending World War I. When the Rainbow Division returned to Columbus, his band was chosen to play at the reviewing stand at Broad and High Sts.

As an employe of the Marion Steam Shovel Co., he organized a band and orchestra made up of employes. At the plant he was one of the chief designers of steam, electric and gasoline - powered shovels and dredges and one of the designers of the largest gold-mining machines ever built.

He later went to Mansfield where he worked as a designer of equipment to manufacture the 16-inch armor piercing shells used in both World Wars and which are still standard gun equipment of Coast Guard batteries and on battleships. In Mansfield, he attended the Bowles Conservatory of Music at night, taught and studied. He was one of the first to introduce the use of harp and xylophone in dance bands and concert organizations.

—:—

HIS DANCE BAND, "The Tropical Troupers," was among the first to play the night spots in Florida and with his Lyric Concert Company, he toured the New England States and later the Keith Vaudeville Circuit. He was music director with the famous Hi Henry and John R. Van Arnum Minstrels and at this time he also began writing for piano, voice and band. Through the years a number of his compositions have been published.

He was trumpet soloist with Pink and His Band of Kansas City, played the Chautauqua circuits and toured the country with the band of "The Greatest Show on Earth" — The Ringling Circus.

Finding the South to his liking, he chose Clearwater to settle in after his vaudeville days were over. He directed the VFW band and organized a Little Symphony Orchestra there and also taught in the School of Music in that city. He holds life certificates in both instrumental and public school music.

He was music supervisor in the schools of Holmes County, Bonifay and Ponce de Leon. His bands and glee clubs, choruses and marching units have won many superior ratings and trophies under his direction. His work also includes teaching in schools in Florida, Georgia and South Carolina, his latest post.

While he still calls Marion and Richwood home, he and Mrs. Beckley plan to reside in Florida on his retirement, where they will pursue their hobbies of fishing and raising flowers.

Cub Scout Notes

The 11th anniversary of Cub Scout Pack 29 and the 47th anniversary of Scouting were observed at the annual "Blue and Gold" celebration of Pack 29 of George Washington School Thursday night at the UAW-CIO hall.

Cubmaster William Varner introduced members of the pack committee and presented each a pin in recognition of service. Special recognition was given to the den mothers, assistant den mothers, and the pack reporter by John Dean, committee chairman, and each was given a rose as a token of appreciation. Mr. Varner and Mr. Dean were presented gifts from the pack by Louis Cotton, assistant cubmaster.

Color movies and slides taken at various pack activities in the last year were shown by Mrs. Bert Osborne, Walter Warne and Paul Love, district Scout executive. Den 9 sang a song and Dens 5 and 6 each gave a den yell.

After prayer by Mr. Cotton, refreshments were served to approximately 280 persons present. Guests were Miss Clara Alice Wilson, principal of George Washington School, and Mr. Love.

AEC Seeks Funds

WASHINGTON (AP)—The Atomic Energy Commission is seeking $850,000 to construct a metal treatment plant at Fernald, Ohio. The money is part of a $202,450,000 appropriation request the commission sent to Congress Monday for plants and construction projects throughout the country.

Prayer Service Slated In Mt. Gilead on Friday

MOUNT GILEAD — World Day of Prayer in Mount Gilead will be observed Friday with union services held at Trinity Methodist church at 8 p.m. This will be in keeping with services throughout the world on the first Friday of Lent as thousands of Christians in the United States and around the world will unite in prayer and thanksgiving.

Services begin on Tonga Islands in the Pacific west of the International date line. Through the day services are held in 142 countries closing with services on St. Lawrence Island in Alaska.

In the United States the day is sponsored by the United Church Women of the National Council of Churches of Christ.

Presidential Bid Is Not Ruled Out By Sen. Knowland

WASHINGTON (AP)—Senate Republican leader Knowland (Calif) has declined to rule out the possibility he might seek the GOP presidential nomination in 1960.

In a recorded radio interview Monday, Knowland said in response to questions on the 1960 presidential situation:

"I don't think any person... can say in 1957 what the conditions may be in 1960. I neither ruled it in nor ruled it out."

Knowland has announced plans to retire from the Senate at the expiration of his term in January 1959. Told that some view this as a step toward seeking the California governorship, then the presidency, Knowland replied:

"I have neither opened nor closed any doors."

Ike Considers Arizona To Combat His Cough

WASHINGTON (AP) — President Eisenhower is considering a trip to "a warm, dry climate" to combat a cough which has bothered him since Jan. 21, the White House said Monday.

Press Secretary James C. Hagerty told a news conference that "whether he (Eisenhower) would go to an area like Tucson (Ariz.) has been, of coursse, discussed. But there has been no final decision."

The president's cough is the aftermath of a cold he caught while reviewing his second inaugural parade.

Gets GM Check

AKRON, Ohio (AP)—Hudson Township trustees Monday night received a check for $5,000 from representatives of the General Motors Corp. for a permit to build a factory for the firm's Euclid division on Ohio 91 south of the village of Hudson.

Groundbreaking for the plant is scheduled March 27. Euclide personnel director Wade White said 1,300 persons would be employed soon after the manufacturing plant is completed in summer 1958 and 5,000 later.

Cincinnati Physicians Hear Heart Specialist

CINCINNATI (AP) — Dr. Paul Dudley White says increased heart disease might be good "if it could come at such an advanced age of, say, 100 or 110 after a full, healthy, happy and active life, free from disease."

The Boston heart specialist said Monday night that "a sudden cardiac death would then mean the abolition of all infections, cancer, accidents and wars."

But he told an audience at the Cincinnati Academy of Medicine's centennial meeting that many people under age 65 still die or are disabled by heart ailments.

Studies Layoff

MANSFIELD, Ohio (AP)—Westinghouse Electric Corp. has announced it will lay off 4,000 workers here for one week starting March 18 "unless business picks up." The layoff would virtually shut down the plant where heavy home appliances are made.

The announcement came after members of Local 711, International Union of Electrical Workers (IUE) voted whether to take the one-week layoff or to take off every other Friday for an eight-week period.

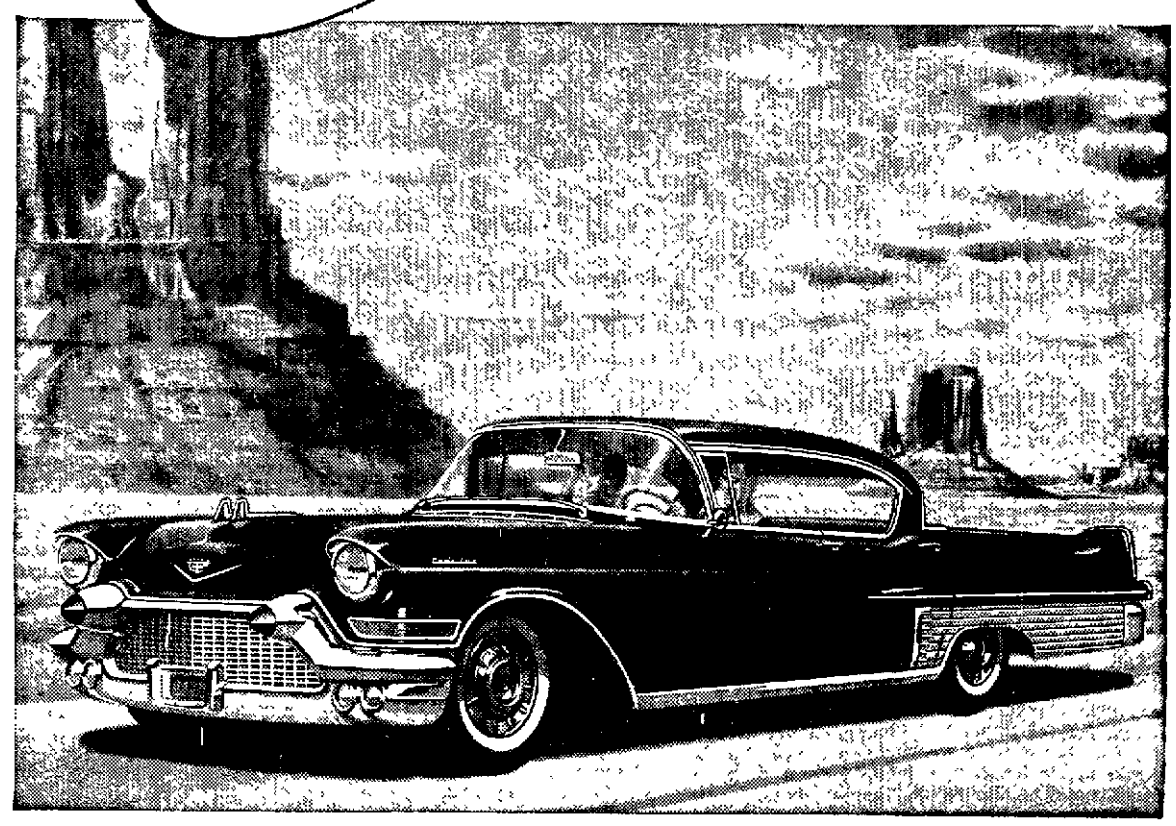
Cadillac



Relaxing... Across America!

Behind them are the majestic mountain roadways of Southern California and the picturesque desert drive through Arizona.

And ahead lie the broad highways of Texas ... the scenic roads that wind through Oklahoma and Missouri ... and the great Midwestern turnpikes that lead to the Eastern Seaboard.

What's it like to spend the better part of a week in a 1957 Cadillac?

Well, first of all, there is the *restfulness* a Cadillac provides. The car is so incredibly smooth and quiet and comfortable that even the longest journey is an occasion for glorious relaxation.

And for the lucky gentleman in the driver's seat, there is the added reward of Cadillac's brilliant new performance.

In fact, the car is so nimble and eager, so responsive and alert that day's end will usually find them well beyond their morning's destination!

And then there will be the many other Cadillac virtues to enhance the pleasure of their journey ...

... its vast areas of vision to give them the full panorama of America's great beauty and grandeur

... its extraordinary safety and dependability to add to their contentment and peace of mind

... and its remarkable operating economy to remind them how *practical* their odyssey is.

So there they are—seeing our wonderful land from the finest vantage point on the American road: *through the windshield of a 1957 Cadillac!*

* * *

Of course, you don't have to travel 3,000 miles in this newest "car of cars" to realize why its owners call it "the greatest of all Cadillacs".

OWU's Offer For Seminary Site Accepted

DELAWARE — Selection of a 50-acre tract of land three miles south of here along Route 23 has been made by the Methodist Church for construction of a $4 million theological seminary.

The seminary, first of its kind in Ohio, will adjoin Perkins Observatory on part of Ohio Wesleyan University's 400-acre Butler Farm. More than $2.5 million already has been pledged for the school which will accommodate about 500 ministerial students.

Ohio Wesleyan's offer to donate the 50 acres was accepted last week in Columbus at a meeting of Methodist leaders. The site was one of about 20 originally offered.

Chairman of the location committee, Rev. Oscar T. Olson of the Epworth-Euclid Methodist Church, Cleveland, said the OSU property was unanimously chosen because of its ideal location and topographical features.

Funds for construction of the school are to be contributed by Ohio Methodists, industry, foundations and individuals. Completion of the seminary is hoped for by 1960, according to Bishop Hazen G. Werner.

Ministerial Group Hears Talk By Salvation Army Evangelist

The speaker for a meeting of the Marion County Ministerial Association Monday at the YMCA was Senior Maj. Lyell Rader, Salvation Army territorial revivalist who is in Marion for special services at the Salvation Army Citadel on N. Prospect St.

In telling of his work, he recommeneded the value of "being specific in our prayers." He gave his personal experience of the help which he has received from "prayer partners" and he emphasized the importance of "great faith in the Word of God."

Devotions by Rev. Kline

Opening devotions were by Rev. Floyd Kline of Forest Lawn Presbyterian Church and Rev. Clyde R. Wendell of Calvary EUB Church, the president, was in charge of business.

Announcement was made of completed arrangements for a union service on the night of Palm Sunday, featuring a dramatic interpretation, "The Story of the Cross," by Earl Heasley. He is instructor of speech at Mansfield High School. Other plans for the Holy Week and Good Friday services will be completed at the April meeting.

MCYM Meeting Slated

Rev. Wendell reported that the Marion County Council of Churches was represented at a recent meeting at which early plans for the 1958 Ohio Pastors Convention were made.

A meeting for Youth Fellowship presidents and an adult counselor from all churches in the city and county, called by the Marion Christian Youth Movement for Sunday at 2:30 p.m. at First Presbyterian Church, was announced by Rev. Warren W. Lindstrom, MCYM administerial adviser and Trinity Baptist Church Christian education director.

Plans have been made for Maj. Mary Nisiewicz of the Salvation Army to continue the work of visiting new mothers in General Hospital, a project started by Miss Margaret Huffman, former director of Christian education at Epworth Methodist Church who is now filling a similar position at a Columbus church. Invitation was received from the Family Service Society to attend the public showing March 19 of a film on alcoholism which will be followed by a discussion on the project. This will be at the March meeting of the society.

New Supersonic Bomber Is Faster Than Jet Fighter

WASHINGTON (AP)—The world's first known supersonic bomber, the Convair B58, travels so swiftly the fastest Air Force fighter is used as a "chase" airplane for observation.

The B58 Hustler, first flown last November, has considerably exceeded the speed of sound—about 760 miles an hour at sea level—in test flights near Fort Worth, Tex.

A Convair official confirmed that the fastest fighter, an F104, has been added to the fleet of planes employed to make observations during B58 flights.

The delta-wing B58 is 95 feet long, 31 feet high and with a 55-foot wing span. It reportedly has a designed top speed of about 1,000 miles an hour.

Taxicabs in Turkey have a share-the-ride plan. Cab drivers are permitted to pick up other passengers going your way to share the fare.

$6,638 Distributed By Marion Court

A total of $6,638 was paid out to various government subdivisions from fines, costs and other collections of Marion Municipal Court during February, Mrs. Clara Fleck, clerk, reported today.

Of the total, $3,811 went to the city treasurer, $3,415 of it collected in the criminal division and $396 from the civil division.

A total of $1,241 was paid to the Marion County Law Library, completing the annual distribution to this organization. Each year, Municipal Court must allocate $3,000 of its income to the law library. The other $1,759 was paid out of the January income.

Total payment to the county treasury for the month was $662 and the sheriff received $30 in turnkey and milage fees.

Other payments were: state auditor, $778; and state department of natural resources, $15.

Trucker Sees Future In 'Fishyback' Shipping

CLEVELAND (AP)—Roy Fruehauf says "fishyback" shipping — the transportation of loaded truck trailers by ship — will flourish in the Great Lakes when the St. Lawrence Seaway is opened in 1959.

In fact, the president of the Fruehauf Trailer Co. predicted, fishyback shipping promises to be "one of the dominant features" of Great Lakes-Seaway traffic.

In remarks to a traffic club luncheon Monday Fruehauf said plans have been announced for construction of more than 21 ships for fishyback service along the Atlantic and Pacific coasts.

Crestline Sets Services

CRESTLINE — World Day of Prayer services will be observed in Crestline Friday sponsored by the Crestline Council of Church Women. The services will be held in the Turner Chapel, AME, on E. Bucyrus St. Mrs. Charles Straile, president of the council, will be in charge. The service will be on the theme, "Who Shall Separate Us?" Children's services will be held Friday at 1 p.m. in First Methodist Church.

CONSTIPATED?
New laxative discovery un-locks bowel blocks
without gag, bloat or gripe

Constipation is caused by what doctors call a "thrifty" colon that, instead of retaining moisture as it should, does the opposite: robs the colon of so much moisture that its contents become dehydrated, so dry that they block the bowel; so shrunken that they fail to excite or stimulate the urge to purge that propels and expels waste from your body.

To regain normal regularity, the dry, shrunken, constipating contents of your colon which now block your bowel must be remoistened. *Second*, bulk must be brought to your colon to S-T-R-E-T-C-H STIMULATE it to action; to a normal urge to purge.

And, of all laxatives, only COLONAID, the amazing new laxative discovery possesses COLONAID's great *moisturizing* capacity, *plus* COLONAID's *stretch-stimulating* bulk. So effective it relieves even chronic constipation overnight, COLONAID is yet so SMOOTH, so gentle it has proved safe even for women in critical stages of pregnancy.

Superior to old style bulk, salt or drug laxatives, COLONAID neither gags, bloats nor gripes; won't interfere with absorption of vitamins and other valuable food nutrients; in clinical tests, did not cause rash or other reactions.

It's a physiological fact: Exercise tones your body! And COLONAID exercises your colon to tone it against constipation, overnight! Get COLONAID, in easy-to-take tablet form at any drug counter, today! Only 98c for the 60 tablet package, brings positive relief at less than 2c per tablet.

Lent Starts Tomorrow

Rites Commemorating Ash Wednesday Slated

Preparations for the Lenten season, beginning this week with Ash Wednesday, have been completed here and Marion congregations are set to mark its significance with proper solemnity and spiritual contemplation. Self-denial will be a part of the observance in commemoration of Christ's sacrifice of his earthly life on the cross for the sins of men.

In the historical tradition of the Catholic Church, the Ash Wednesday rites at St. Mary Catholic Church here will include blessing of the ashes before the 8:15 a.m. High Mass and there will be communion ritual.

—:—

DURING THE DAY, the ashes will be distributed to St. Mary School pupils assigned in groups for various hours. At 7:30 p.m. the Lenten sermon by the pastor, Very Rev. William J. Spickerman, will be in the form of an explanation of the Ash Wednesday ceremonies. Benediction will be followed by distribution of the ashes which come from the palms blessed on Palm Sunday last year.

For the rest of the Lenten season, beginning Sunday, there will be Holy Hour from 4 p.m. to 5 and Benediction each Sunday. Lenten sermons are scheduled for Tuesday and Thursday nights at 7:30 and the Tuesday night sermons will be by Rev. Raymond Carter, pastor of St. Joseph's Catholic Church at LaRue, followed by Benediction. Thursday nights, Way of the Cross and Benediction are scheduled.

For Ash Wednesday observance at St. Paul's Episcopal Church a service will be conducted Wednesday night by Robert T. Mason, lay reader of the parish. Services each following Wednesday night will have a guest in charge.

—:—

FIRST IN A SERIES of midweek Lenten vesper services will be Wednesday night at Emanuel Lutheran Church with celebration of the communion.

Three Methodist Churches have announced prayer vigils for the day. There will be 24-hour prayer, divided int half-hour periods, at Epworth Methodist Church and the communion elements will be served from 6 a.m. to 9 p.m. A communion service will be held at 7:30 p.m. Prospect Street Church will have 24-hour vigil and Wesley Church an 8 a.m. to 8 p.m. watch.

A series of midweek Lenten sermons will be launched Wednesday night at First Evangelical and Reformed Church and a series of midweek meditations on Bible passages will be started Wednesday night at Salem Evangelical and Reformed Church.

Other churches will emphasize the special meaning of the season at Lenten evangelistic services or at regular midweek meetings.

The schedule of speakers for the Lenten Friday noon luncheons at the YMCA on "The Lord's Prayer" includes, for Friday this week, Rev. Milton Lashley from Quinn Chapel AME Church on the general theme of prayer followed in succeeding weeks by Rev. John C. Searle Jr. of First EUB Church, "Our Father, Hallowed Be Thy Name"; Rev. W. L. Stafford of Wesley Methodist, "Thy Kingdom Come, Thy Will Be Done"; Rev. H. V. Falor, Oakland EUB, "Give Us This Day Our Daily Bread"; Rev. J. Paul Goebel, First Evangelical and Reformed, "Deliver Us From Evil," and Rev. Walter C. Eyster of Epworth Methodist, "Lead Us Not Into Temptation." The luncheon period, including music and message, will be from 12 05 p.m. to 12:50 and reservations are to be called into the "Y" office by 10 a.m. each Friday.

West Virginia Family Haunted by Tragedies

MOUNDSVILLE, W. Va. (AP)—A cerebral hemorrhage that proved fatal to Paul Martin was the latest in a series of tragedies that struck his family during the past five years.

Two of Martin's daughters suffered a rare blood disease in 1952 and Paula, then 4, had her legs amputated to save her life.

The Martins' oldest daughter, 15-year-old Sally, was stricken at the same time as Paula. The year Paula got wooden legs Sally died of the same disease.

Martin, 43, suffered a cerebral hemorrhage last summer. He died Sunday in a hospital in nearby Glen Dale.

Surviving are his widow, Evelyn; a son, Charles, 12; Patty, a twin sister of Paula; Suzie, 6, and Paula.

Trucker Killed

CINCINNATI (AP)—An out-of-control dump truck charged down a hill on a county road Monday, overturning about halfway down and killing the driver, Leonard Adams, 46, of Sanders, Ky.

Carpet Traffic Paths Removed

Do you have a traffic path? It's that beat down section of carpet that has received the heaviest wear.

To preserve the "new all over" look, those traffic paths must be eliminated. so apply Blue Lustre carpet cleaner with an easy to use long handle brush. The colors will spring out fresh and bright with the nap open and fluffy to blend with the unsoiled sections of your carpet.

Churches Set Lent Services In Upper Area

UPPER SANDUSKY — Pre-Lenten services were well attended at the local churches Sunday. A capacity audience heard George Matthews, tenor, present a special service in song, Sunday night at the St. Paul Lutheran Church.

The Lenten season will be highlighted with special services throughout the Lenten season at the different churches.

Altar Communion will be observed Ash Wednesday at the 7:30 p.m. service in the Trinity Evangelical and Reformed Church here. Mid-week Lenten services will be held throughout the season. The Women's Guild of the church will sponsor a Bible Study Hour during Lent on Thursday mornings, 10 to 11 a.m. at the church.

Beginning on Ash Wednesday, the sanctuary of the John Stewert Methodist Church will be open to the public, for a new Lenten program, the "Angelus Call to Morning Prayer." Holy Communion will be administered at the Ash Wednesday night service by the pastor, Rev. Stanley H. McGilliard.

Next Sunday night will be the beginning of a series of Lenten Sunday evening services for six consecutive weeks, sponsored by the Women's Society of Christian Service. Cooperating will be the Methodist Men's Club. The service will be from 7:30 to 8:30 p.m.

Holy Communion will be given at the Ash Wednesday service in the St. Paul Lutheran Church and again on Sunday. The pastor, Rev. F. LeRoy Sarver, will use for his topic, "Worldly Evil Versus Divine Victory."

On Friday, women of the church and friends will observe World Day of Prayer with services at the church at 2 p.m.

World Day of Prayer Services will also be held at the Trinity Evangelical and United Brethren Church Friday at 1:30 p.m. Churches cooperating in this service will be the John Stewert Methodist, the Trinity Evangelical and Reformed, the Presbyterian and the First Lutheran.

The first of a series of mid-week Lenten services will be held at the Trinity Evangelical and Reformed Church Wednesday at 7:30 p.m. The religious sound movie "Simon Peter" will be shown. The service will close with the observance of Holy Communion at the altar.

The First Lutheran Church members will hold their mid-week Lenten worship services in the South School building during the construction of their new church. Services are to begin at 8 p.m.

Lenten services will be held Wednesday at 7:45 p.m. at North Salem Lutheran Church near Upper Sandusky and at Bethany Church on Thursday at 7:45 p.m.

PASTOR NEARS 111. Reverend John Charles King, of Philadelphia, who says he will be 111 years old on March 25, raises a glass of milk in anticipation of his birthday. For 54 years he has been a Baptist preacher. Interviewed by newsmen, he said that the traditional "three score years and ten" could be multiplied "by good behavior."

Cycle Crash Fatal

KILLEEN, Tex. (AP) — Brian L Stockwell, 19, of Akron, Ohio, died Sunday when his motorcycle overturned near Gray Air Force Base here.

Post Office Bans Voodoo Kit From Mail Distribution

WASHINGTON (AP) — Distributors of a do-it-yourself voodoo kit have promised the Post Office Department not to offer the kit by mail.

In turn, the department dropped an inquiry into whether Swangren's, of Lombard, Ill., was fraudulently advertising the kit—which includes a witch doctor's pouch, straw doll, voodoo needles and "secret incantations."

A department spokesman said attention was drawn to the item by advertisements directed at "the man who has everything," and reading in part:

"No more tiresome trips to the West Indies. You can now deliver good or bad hexes right from your own home. The neighbors don't have to know."

The distributor said the kit is "strictly a party gag."

Probers Will Question Two in Foreign Service

WASHINGTON (AP)—Robert Morris, counsel to the Senate Internal Security Subcommittee, said the group has asked the State Department to call two foreign service officers back from overseas for questioning.

Morris said Chairman Eastland (D-Miss) told the State Department he wants to question them and another foreign service officer now in Washington "regarding faulty intelligence reports helpful to the communists in the past."

Names of the foreign service men were not made public.

Killed in Oklahoma

Second Step

If history makes it as clear by hindsight as current events have made it that the first step in pacifying Israel and Egypt was to get Israeli troops off Egyptian soil, the second step also will be clear.

This is to convince Egypt it must give up the provocations which caused the Israeli troops to invade Egypt's territory.

Egypt had been maintaining a state of war with Israel long before the hard-pressed Israelis took it upon themselves to maintain a state of war with Egypt.

If the only way to undo the damage is to work backward, the job will not have been done until Egypt also has returned to the terms of the armistice agreement of 1949.

The United States has taken upon itself the difficult task of helping the United Nations to develop respect for international agreements. It must be as firm with Egypt as it has been with Israel.

What is being tested in the Middle East is respect for agreements — the basis of international law.

The attack on Egypt by Britain, France and Israel was a severe setback; it was a violation of international law by the nations least expected to turn lawless. They discredited the idea which the United States was trying to win acceptance for among peoples unaccustomed to the restraint of law.

When Britain and France withdrew, it was a victory for law. It is a victory for law when Israel yields. But there can be no triumph until Egypt, which had been waging war against Israel in violation of its agreement, also falls into line.

No Pre-Marked Ballots

The one bad feature of the pre-primary convention system which is being proposed for Ohio should not be allowed to kill off what otherwise seems like a good idea.

This is the provision for pre-marking party ballots with a "seal of approval" bestowed by the pre-primary conventions.

Primary ballots belong to voters, not to the politicians who would dominate the conventions. Marking ballots is the responsibility of voters, not of party insiders who would like nothing better than to mark them in advance.

If primary voters, even chose in "bedsheet ballot" areas where there are too many candidates to be kept track of, cannot learn in advance which candidates are the choices of the party conventions, they do not deserve to be helped out of their dilemma by premarked ballots.

Although it may not be pleasant to think about, there would be some situations in Ohio where a party convention's seal of approval on a ballot would be a kiss of death.

Voters do have a right to know which candidates have been approved by their parties in statewide conventions. The pre-primary convention system would give both parties in Ohio a chance to accept more responsibility for candidates than is possible under the "simon-pure" direct primary system.

But there should be no tampering with ballots, in the form of pre-markings to guide the hands of voters who do not know one name from another. It is up to them to learn—and it is up to the parties to tell them—which candidates are approved by party conventions

Voters also must be made to accept responsibility for choosing candidates.

Street Repair

Springlike weather the last few days has pointed up the poor condition of a number of city streets.

This is an annual spring condition, of course, and the safety-service director took note of it several days ago with an announcement that the street department would begin the repair job as soon as extended good weather makes it feasible.

Nevertheless, we still are in the business of patching streets the best we can, rather than undertaking any large-scale rebuilding jobs on major thoroughfares.

The patching approach is the only logical one, of course, in view of the fact that funds are not available to do more.

Some $2,000,000 in state aid money that would have assisted on resurfacing, as well as help pay for major construction, went down the drain with the failure of last November's traffic bond issue.

The next time state funds become available to Marion for traffic purposes we would do well to clinch use of the money by affirmative local action.

Grass fires, bluebirds, tree branches on highways, cardinals whistling, bent television aerials, boys carrying girls' books, sucker-fishing, gales, balmy breezes, sweet peas, mud, slush and Easter lilies.

The shortest month of the year is here — shortest because it never can be depended on to be the same more than one day at a time.

Trial Rights Abridged

By David Lawrence

Justice Department Seen Short-Circuiting Law

Maybe there is no need for "civil rights" legislation after all. Congress will certainly be interested to discover how the Department of Justice just a few days ago in a move that has gone unnoticed generally, simply substituted the words "The United States" for the names of a local school board as a party to a law suit in federal court. By that device the 18 defendants arrested for allegedly hindering the federal injunction at Clinton, Tenn., can be deprived of a trial by jury and put in jail as unfairly as if they were living in some totalitarian country.

Lawrence

While the laws of the land under the Constitution of the United States do permit federal judges to punish for contempt certain offenses committed in a courtroom or even outside, when the principals to a controversy refuse to obey a court order, a jury trial can usually be obtained on request.

But it is something novel when a lawsuit has been started by private parties to find the Department of Justice petitioning the Federal Court to amend the original petition and substitute the words "United States" for those of the complainant. This automatically bars a jury trial.

-:-

IF THE FEDERAL JUDGE in Knoxville, Tenn., approves this request and it is sustained on appeal by the courts it will not be necessary for the Congress to legislate on "civil rights." All that will be needed is for the Department of Justice to write out the orders and the courts will uphold them.

This is a flagrant abuse of power — much worse than any cited in the recent hearings before the House Judiciary Committee by the critics of the proposed "civil rights" legislation.

It is ironical that the American Civil Liberties Union — which on Feb. 26th made a commendable statement criticizing the federal court injunction issued at Clinton, Tenn., as being too broad — didn't know that on Feb. 25th the same federal judge was being asked by the Department of Justice to deprive citizens of a chance for jury trial.

The Civil Liberties Union statement had rightly criticized the injunction as too broad and had said that "to the extent that it enjoins speech in opposition to or advocating ignoring of the order or peaceful picketing for these purposes, it is invalid."

-:-

IN THAT SAME statement, moreover, the right to jury trial was vigorously upheld by the ACLU even for those defendants who had been charged with actually "hindering" or "obstructing" the operations of a court order. The ACLU said:

"Under the federal law a person in contempt of a Federal Court order enjoining acts which are also in violation of the federal or state law is entitled, if he requests it, to a trial by jury. This protection of individual rights was originally written into the law to guard against possible biased judicial decisions in labor injunction cases and now covers all contempt issues . .

"Similarly, as the acts charged against the 16 persons now facing trial allege violations of federal and state laws, these defendants can ask for a jury trial. Therefore no civil liberties issue is raised unless the jury trial is denied, which is unlikely in view of the clear instruction of the law."

But what the ACLU didn't know when it issued that statement and what most people throughout the United States didn't know because it wasn't reported in the press generally, was that the Department of Justice had resorted to a strategem by seeking to make the "United States" a party to the suit, which — according to a law of Congress governing contempt cases — eliminates trial by jury.

Some critics not long ago pointed to the case of John L. Lewis as a precedent because he was fined once for contempt by a judge and was not given a jury trial.

Those same critics failed to notice that the United States itself was a party to the suit. This was because the government, acting in accordance with a wartime statute, had seized the coal mines and hence any action taken by a union or its leaders to defy a court order was a defiance of the United States government itself.

-:-

THERE IS NO SUCH parallel here. The school board officials at Clinton, Tenn., were whole-heartedly complying with the desegregation order of the Federal Court when they found certain persons in the town were "organizing a movement" to discourage attendance at an integrated school.

Hence these school officials asked the court to enjoin anyone attempting to "interfere" with the school board's operations. But a local school board is not a part of the government of the United States and it is difficult to imagine any Federal Court judge consenting to the substitution of the "United States" for a local school board.

Even, however, if this strange petition does not win the approval of the court, the amazing thing is that anyone in the Department of Justice would try such a trick of circumvention in the very week when prominent lawyers from various states were warning Congress that to pass the "civil rights" legislation now being proposed would lead to grave abuses of power.

'It Would Be Lovely'

By TRUMAN TWILL

An English court has done what it was expected to do and ditched the last bequest of George Bernard Shaw for a 40-letter alphabet.

Due to the fact the ironwhimmed Irishman never learned to control his sense of humor, it is as good a guess as any that he was only playing a joke and knew perfectly well it would be impossible to get to first base with a new alphabet.

It could be the best alphabet ever made, provided the scholars could agree on such a complex and uncertain matter. It could be as logical and potentially useful as the reformed calendar that would take all the guesswork and patchwork out of chronology—and no one would give it a chance.

That is not the way the human mind works. People are no more interested in logical alphabets and fool - proof calendars than they are interested in rules for conducting fair political campaigns and eliminating prejudice and passion from public discussion.

The fact is that Shaw was far behind the times with his idea for a better alphabet anyway. Thousands of students in this country and presumably in England have studied a phonetic alphabet designed to reveal the pronunciation of words on sight.

Hundreds of thousands, perhaps millions, have heard about Esperanto, which would make it possible for all of us to speak to one another and write to one another. Yet the number of Esperanto users continues to be small.

There is no strident demand for improvement in these matters and there is not likely to be any, because the human mind in the mass runs contrary to all suggestions for the metric system, instead of remembering — or forgetting — that there are 5,280 feet, more or less, in a mile.

It would have learned to speak the English language in a way that would have to be understandable in any U.S. region. Playwright Shaw's preoccupation with the language problem in England, as described in "Pygmalion" and musicalized in "My Fair Lady" is one of the reasons why an estate worth less than a million dollars when Shaw died now is worth more than two million and getting larger day by day.

Americans would be able to get together on such basic things as the universality of civil rights.

There would even be agreement of a kind on what constitutes an education.

That would be the day!

If it ever comes, the English judges who have just thrown out a jokester's bequest to start a 40-letter alphabet on the grounds that no one is asking for it or would use it might be encouraged to throw it back, if Shaw's money has not been squandered on less worthy but more appealing causes by that time.

Ten Years of Internationalism

By James Marlow

WASHINGTON

Ten years ago next week the United States said goodby to the American tradition of isolation. In one day it became truly internationalist and assumed active leadership of the non-Communist world.

It was on March 10, 1947, that President Truman appealed to Congress for 400 million dollars in economic and military aid to Greece and Turkey to enable them to withstand the steady push of communism.

The idea of American help to European countries wrecked by the war was not new. What was new in American foreign policy was the principle laid down by the President, known now as the Truman Doctrine.

—:—

IN BRIEF HE SAID: Communist conquest of any country anywhere was a danger to the United States and must be prevented. The program, started with Greece and Turkey, has been extended to other parts of the world.

Since 1947 this country has put out more than 50 billion dollars in economic and military help to friendly and non-Communist countries. The Marshall Plan, help on a huge scale, was started in 1947.

Then followed military alliances the main ones being in Europe — the North Atlantic Treaty Organization — and in Asia the Southeast Asia Treaty Organization.

In addition, this country has ringed Russia with American military bases in friendly countries. The policy laid down by Truman, military and economic, is still the policy followed by President Eisenhower.

—:—

TRUMAN LAID DOWN his policy at a time when Communist guerrillas were trying to overthrow the Greek government and Turkey was under pressure from her northern neighbor, Russia.

"I believe," he said, "it must be the policy of the United States to support free folks who are resisting attempted subjugation by armed minorities or by outside pressures. . . .

"Totalitarian regimes imposed on free peoples, by direct or indirect aggression, undermine the foundations of international peace and hence the security of the United States."

If President Franklin Roosevelt had adopted the same policy—that totalitarian conquest of any country was a danger to the United States — Hitler might have been stopped and World War II averted.

—:—

BUT ROOSEVELT—until events in Europe and the Japanese attack on Hawaii forced this country into war — followed the long tradition of American isolationism laid down by President Monroe on Dec. 2, 1823.

The Monroe Doctrine said in effect to the rest of the world outside North and South America: You stay out of affairs in our hemisphere, and we'll stay out of yours.

That was the policy pretty much followed by this country until it got into World War I. After that war, it rushed back into isolationism and remained there until World War II.

After the experience of that war the United States finally came to the realization that the world had shrunk and some international cooperation to maintain peace was needed. For that reason it joined the United Nations in 1945.

Between 1945 and 1947, while the United States gave help abroad to countries wrecked by the war, it was still hoping it was possible to live in peace with Russia. But Stalin, looking on the war-wrecked world around him, considered it an invitation to conquest in one way or another.

The Truman Doctrine thus was the result of despair that Russia would be a peaceful neighbor and of the realization that this country had to assert leadership or ultimately expect to find itself surrounded by communism.

Our National Cancer

By Frank Tripp

Every pundit, almost, has had his fling at what's wrong with the world, youth and society. What too many have written, pictured and televised has lulled the populace into alarming public apathy that threathens destruction of the ideals which founded our nation.

The people's direct participation in the developments of the last two decades has sunk to a new low. There has been too much punditry, too little common man horse sense to keep things on an even keel. We depend too much on representatives, organizations and committees to guide our daily lives.

We have let the pundits blame upset things upon every institution, government blunder, corporation and human emotion — according to what, at the moment, might most excite the customers, prove a best seller, a box office bonanza or a vote getter.

Few of them have touched upon the inescapable formula of the all-time best seller; many of them have flaunted it.

—:—

THE HOLY BIBLE stays at the top of the list. Somebody must be reading it; more should be defending its truths. More of the plain, wholesome people who believe it, but seem struck dumb or shamed into secret expression of their faith.

Our bookshelves and parlor screens belie our national motto; our literature and entertainment have approached a national cancer.

Where are the people who once flooded protests to offending publishers and producers of the profanity, vulgarity and indecency that have crept into American lives and homes and built a notion that the teachings of our fathers are mythical old fogyism; that only glamour, extravagance and self are important? Any new crackpot theory that will sell for cash.

Where are the people who once peppered editors with angry missives every time they abetted the rantings of new thinkers that challenged the home, lured and confused the minds of children?

—:—

HAVE THEY sneaked like scared slaves into the privacy of their home shrines to pray, "O God, I'm saved: please God save the rest of the people"? Once they went forth to face the mercenary dragons who have brought woe upon them.

They didn't have to suffer the heresy, the isms, fantistic theories and filth that have weaned their children away from the lives they wished for them.

They still need not. They need only assert themselves in sufficient numbers.

Today they leave the fight to organizations and committees which soon become smeared as scolds "living in the past," and discredited. The job was better done when the people did it.

—:—

ONCE, recognition by a newspaper of a risque novel, picture of irreligious theory brought a flood of frightening protests from readers. Now somebody passes a resolution — and the offender laughs.

I can remember when a little chorus girl who showed an inch of flesh between her bloomers and her stockings was yanked from the line. Silly, but that inch has expanded to the completely nude female body. Art!

One of the greatest plays of its era, "The City," was taken off the stage until a single blasphemous oath was deleted. Today you'll hear it on almost any stage, and read it, and worse, scores of times in modern literature. Why wouldn't Junior be swearing a little? Smart, he thinks.

—:—

PURITANIC and fanatical, the thoughtless will say, but it was letting down such bars that opened the way for today's overindulgence in "freedom of expression," the theme song of the modernist which has made so much that we read and see vulgar and repulsive.

We are reaping the harvest of too much freedom of expression in places where it does not belong: its confusion with the people's right to know.

There is nothing that free people need to know that cannot be told in decent, inoffensive word and picture.

It is with pride that the newspaper can say that it has violated the sanctity and decency of the family circle the least of any secular medium that enters the American home.

As the people themselves accept and are silent, so will expand any trend that bedevils them.

The Once Over

By H. I. Phillips

Church and Reckless Driver

It looks as if the church may pitch in with a vigorous assist in the fight against reckless driving. It is an agency that could do more than all the safety-first associations are doing, since it is obvious that millions of homicidal people are guilty of violating cardinal rules of religion.

Many a man who brushes off appeals of police, automobile associations and Safe-Driving-Week campaigns can be made to do deeper thinking if he gets a dressing-down from the pulpit.

Anybody who at the wheel of an auto behaves ruthlessly or carelessly, ignores divine law just as if he contributed to maiming and killing in any other way, an American bishop declared recently. And he added this:

"The moral guilt is contracted not only by those who, through carelessness, become involved in accidents. But also by those who escape accidents by sheer luck after brazenly violating the laws."

-:-

OTHER CHURCHMEN, although not enough and not so frequently as the situation demands, are also pointing out that such commandments as "Thou shalt not kill," "Love thy neighbor as thyself" and "Do unto others as you would have others do unto you" are leered at by the roadhog, the speedster and the imperious fellow who seldom gives the other driver an even break.

-:-

HOW ABOUT A SPECIAL list of commandments for the American autoist?

1 — Thou shalt not so conduct thyself as to make killing a possibility.

2 — Thou shall not be guilty of impatience, irascibility, flagrant selfishness or outright contempt for a fellow man.

3 — Thou shalt not think in split-seconds and behave as if the loss of half a minute between two given points were more than thou can stand.

4 — Thou shalt not covet a right of way.

5 — Thou shalt not behave at the wheel of any auto as if sold on the belief thou art entitled to a motorcycle escort.

6 — Drive more by the Bible and less by the road map, the mirror and the speedometer.

7 — Make not a mockery of thy prayers for mercy by an attitude of mercilessness toward thy fellow driver.

8 — Proceed not under the belief that, once behind the wheel of an automobile, the teachings of thy church and the concepts learned at thy mother's knee are cancelled out.

9 — Be not arrogant in thy possession of a luxury, a convenience and a travel facility.

10 — Honor thy creed, thy better impulses and thy conscience even if it permits the other fellow to get ahead of thee by a single car length.

News of Other Years

40 YEARS AGO — Patriotism and a united nation was the dominant tone of the inaugural address given by Woodrow Wilson as he addressed a throng of several thousand spectators in Washington.

Londoners were puzzled and amazed that President Wilson had not directed the arming of all ships on the grounds that obstructionist tactics had prevented Congress from exercising the will of the majority The President had expressed the opinion that he doubted whether he possessed such power.

Life in Marion returned to normal after the excitement of welcoming some 70 soldiers with Co. D of the Ohio Regiment. They had been welcomed home from the Mexican border in a pompous downtown ceremony, including bands and speeches of notables, the day before.

—:—

20 YEARS AGO — The final chapter in the colorful history of a Marion company of the Ohio Volunteer Infantry in the Civil War was written with the death here of Samuel E. Hain, last of the members of the original Co. K.

Addressing a $100 a plate Democratic dinner, President Roosevelt defended his stand on enlargement of the Supreme Court. He contended that present decisions by the Supreme Court endangered democracy.

The population of Marion County in 1960 was predicted at 50,800 by the Ohio State Planning Board, which made a scientific study of population trends and expectations for the future throughout the state. The increase represented a 5,380 increase over the census figure of 45,420 in 1930.

—:—

10 YEARS AGO — Secretary of State Marshall left for the Big Four foreign ministers meeting in Moscow, openly expressing doubt that the four big powers would agree on a peace treaty for Germany. He gave hope, however, that a peace treaty could be worked out for Austria.

Clark, Hickey and Co., Inc., of Chicago, airport engineers, were hired to plan and oversee construction of the proposed municipal airport.

Marion County Engineer Walter W. Johnson reported he had submitted the county's first post-war aid project to the state highway department for approval. The project was to include two miles of reconstruction on the Hillman-Ford road in the northwestern part of the county. Estimated cost was $35,306 with the government to pay one-half the expense.

Flying Squads

By Victor Riesel

Now nobody's going to be able to accuse the Senate racket busting committee of brain - washing its witnesses. Not after this fellow Frank Malloy, a Portland teamsters' official, stood off all drives to invade his culture. Steadfastly he replied to persistent grilling: "I decline to answer on grounds that it might intimidate me."

VICTOR RIESEL

That was a majestic intellectual experience — watching Malloy fracture the language as though it were some joker who thought he could ask a question at one of Malloy's union meetings. Malloy may not have had control of his consonants but he knew his constitutional rights — having denied them to so many in his 25 years with the Teamos.

He even knew that he did not have to incriminate himself — and so took his own malapropian version of the Fifth Amendment when asked to say whether he was involved in such exciting adventures as "acid throwing, arson and dynamiting incidents."

As Malloy grunted through his answers the other day in the Senate hearing room, there was the feeling that he was battling vainly for a lost culture.

-:-

FOR, AT MANY points far from Malloy's intellectual joustings with the Senators and little David, otherwise known as chief counsel Bob Kennedy, legions were stirring themselves against the hosts of acid throwers, arsonists and dynamiters.

Not to speak in generalities, but at random — there was the moment at the Pennsylvania State CIO convention when AFL - CIO Executive Committee member Jim Carey shouted from the platform: "If there is one national union that's corrupt, that's one national union too many. If there's one local union in the hands of the hoods, that's one local union too many."

And the labor crowd roared its approval of these sentiments — roared for a show-down for 10 minutes.

And even as Malloy was malaproping the Fifth Amendment, some work was being done for the Fifth by Paul Williams, U.S. Attorney for the New York Southern District. He was preparing to announce a score of indictments. He had worked with two Federal Grand Juries for an entire year.

"We're getting down to pay dirt," Williams told a group of lawyers, "and you can expect a substantial number of indictments."

"We are building up an enormous file and are now in a position to bring in indictments against important figures. We see this as a continuing task. We're in it for another year — perhaps even several years. I'm staying right with it."

-:-

NOR WAS THE SENATE committee idle in the field despite its public hearings. Word is that there are several score of its investigators and General Accounting Office probers working into the night in at least 10 major cities.

In New York alone, there were 28 sharp-eyed federals reported looking into unions — and they won't say which, for they don't want the books and records suddenly to go AWOL.

Justice Department flying squads were moving across the country—trying to handle some 50 to 60 important complaints of racketeering a month.

One such squad was a four-man team operating under U.S. Attorney Max Goldschein who seldom moves out of a city without leaving indictments behind. He had scheduled Chicago for last week.

And the public's anger has finally been seeping into the office of the public prosecutors on the local levels as the nation began smarting under the new era of the shame of the cities.

-:-

FOR MOST OF the week some 200 city district attorneys had been meeting in Houston's Shamrock Hotel.

These were the members of the National Association of County and Prosecuting Attorneys. This was their mid-winter session. They had listened to Philadelphia's District Attorney Victor Blanc.

He told the Philadelphia story, which will be as dramatic as Portland's nightmare. He urged local support of the Senate select committee. He told the local DA's that even the most vigorous local action would be ineffectual if it were not tied in with support from the decent labor leaders in each community.

Prominent by his absence was the district attorney of Portland, Ore.

The prosecutors departed for their home grounds, some perhaps even to do battle. There was much to fight for — and to incriminate the guilty and reprieve the intimidated.

Morning Mail

NEW YORK — Things a columnist might never know if he didn't open his mail:

That it takes the conscientious efforts of 2,400,000 dairy cattle, manufacturing around the clock, to supply the cream used each day by American coffee drinkers . . . if you quaff your brew black, you may throw an innocent cow out of work.

HAL BOYLE

That some of the major turnpikes, hoping to cut down accidents, have installed coin vending machines that dispense fatigue-relieving oxygen to weary motorists.

—:—

THAT PRACTICALLY nobody today remembers the name of the university professor who gave a final grade of "mediocre" in chemistry to Louis Pasteur . . . who developed shots to prevent rabies, saved the wine industry of France after a devastating grape blight, and made milk safe . . . no telling what Pasteur might have accomplished — if he'd only studied harder.

That Jean Baptiste Lully, the father of orchestra conducting, gave his life to his art in a curious way....at 54 he died of an infection caused by his habit of pounding his little toe with a heavy staff he used in conducting....after that came the baton.

That, when a scalp hair falls out, it ordinarily takes the follicle about four months to sprout a new hair. (But I know at least 10,000 lazy follicles, none more than 8 inches from the tip of my ears, that haven't put in an honest day of growing in 20 years, and I've tempted them with every kind of scalp food but caviar.)

—:—

THAT BILL SKOWRON, the ball player, can swing a bat at a speed of 120 miles an hour . . . whether he hits or not.

That the Japanese put up a monument to commemorate the fact Thomas A. Edison used bamboo in making a filament for his first electric light bulb.

That it isn't true the northern lights are caused by the reflection of moonlight or sunlight on icebergs, as some people believe.... The lights are the glow that results when atoms of rarefied gases in the upper atmosphere unite again after being split apart by electrically charged particles shot out from the fierce solar storms known as sunspots.

—:—

THAT SOME statistician has figured total government costs in the United States since 1789 now are nearing the trillion-dollar mark — and 82 per cent of them have been racked up since 1940.

That civilization has produced a new frustration psychosis among our feathered friends, the woodpeckers ..They are getting sore-beaked drilling for worms in aluminum TV antennas, which they mistake for a new kind of dead tree.

That in 1900 it took four to six months to tan leather, a process that can now be done chemically in eight hours....The tanning of children, however, is still done largely by hand, although it has become in America an all-but-forgotten art.

Irish Election Quiet Despite Sinn Fein Bid

Violence Repudiated As Costello, De Valera Fight To Capture Dail

DUBLIN (AP) — Armed guards patrolled the Irish Republic's northern border today as the Irish voted in a national election enlivened by a bid from Sinn Fein supporters of terrorism.

Despite the flurry caused by Sinn Fein's entry into the lists, the campaign to choose the new 147-member Dail (Parliament) was the quietest since Ireland's 26 Southern counties won their independence 35 years ago.

Advocated Violence

Sinn Fein, political arm of the outlawed Irish Republic Army advocated violence to end the partition of the six Northern Irish counties which Britain still holds. The extremists appeared to be getting little support, and leaders of all major parties denounced any such resort of violence.

American-born Eamon De Valera, whose Fianna Fail (Men of Destiny) is trying to win a majority and return the former Premier to office, declared the partition problem would not be solved by violence.

John A. Costello, 65-year-old lawyer who served as premier the past three years and is running on the Fine Gael (United Ireland) ticket, predicted the extremists would be repudiated.

Six Run From Prison

There are 19 Sinn Feiners running — six of them from prison cells where they are serving terms for violence. Their chances were dimmed further by their announced intention not to take seats in Parliament — even if elected — until the island is united.

De Valera, 74 and nearly blind, was given a good chance of regaining the post he held for 18 years.

The election was forced by the resignation of Costello's coalition government after the rise of an economic crisis.

Colonel Faces Court-Martial In Missile Case

ATLANTA (AP)—A 41-year-old expert on guided missiles at the Army's Redstone Arsenal near Huntsville, Ala., has been ordered tried by court-martial on charges he released secret information to unauthorized persons.

Trial of Col. John Nickerson, Jr., a 1938 graduate of West Point, is expected to begin within six weeks at Redstone Arsenal, where he is now restricted to the reservation.

Lt. Gen. Thomas F. Hickey, commanding general of the 3rd Army, announced the court-martial Monday. Charges were brought against Nickerson Feb. 5.

A 3rd Army spokesman, who declined use of his name, said Nickerson was charged among other things with writing two memorandums critical of Secretary of Defense Wilson and the guided missile policy of the Joint Chiefs of Staff.

The spokesman said Army investigation determined that five unauthorized persons received copies of the memorandums and that others might have them in their possession. But the spokesman insisted that more of the memorandums went outside this country.

Contents of the memorandums were not made public but it was understood that Nickerson wrote in some detail about the missile battle between the Army, Navy and Air Force.

Boy Wins Top Award in Sale Staged by 'Y'

Earl Williams, son of Mr. and Mrs. James F. Williams of 781 W. Center St., was declared the winner of the YMCA popcorn sale today by Beryl Johnson, youth director.

At least 37 other youngsters qualified for prizes in the sale.

A record player will go to Earl for selling 111 packages.

Eleven children won a year's membership in the YMCA for selling over 50 packs. They were: Don Fry, Dan Schott, Gary Moore, Mike Thomas, Bob Fox, Ann Algie, Beverley Young, Jim Bowden, Ken Thibaut, James Martin and James Casperson.

A trip to the Ohio Caves is the prize won by seven youngsters who sold 35 or more packets. They were: Janice Thompson, Gordon Bisdorf, Phil Sheche, Donna Osborne, Kurt Haas, Ron Schwaderer and Ron Scharer.

Twenty students will receive "Y" tee shirts for selling between 20 and 35 packs. The winners were: Kenneth Epley, Don Solomon, Emmett Leonard, Greg Betz, David Harmon, David Lord, Ronald Malone, Mike Varner, Barbara Leonard, Pat Elsey, Susan Turner, Toni Roush, Ken Patrick, Dan Morgan, Darrell Hamilton, Phil Burchette, John Murray, Robert Shaw, Paul Dickinson and Ron Miller.

Mr. Johnson indicated that additional names will be added to each of the lists as county children's sales are tabulated. He estimated that during the week-long sale which ended Saturday, almost 3,000 packs of corn were sold, with about 200 youngsters, mostly from elementary schools, acting as salesmen.

The profit gained from the sale will be used in three ways. Ten per cent will be spent on the World Service project, and 15 per cent for upkeep of the YMCA bus. The remainder, or 75 per cent, will be used in starting work on a new ventilating system in the Club Co-ed room.

Sickles' Condition Remains the Same

The condition of James Patrick Sickles, 31, of Newark continued to be listed as "fairly good" in Marion General Hospital today, indicating little or no change since Feb. 23 when it was listed as "fairly good."

He was wounded five times in a gun battle with police on the night of Feb. 13. Patrolman Marshall Wilds also was wounded in the battle. He was hospitalized a few days but is now recuperating at home.

On Feb. 19, police formally charged Sickles with shooting with intent to kill, burglary and possession of burglary tools. He is to be arraigned in Municipal Court as soon as he is released from the hospital. Meanwhile, police are maintaining a 24-hour guard over him at the hospital.

Ordered by State

$315,000 System Is Seen In Operation by April 1

MOUNT GILEAD — Completion is near on the new Mount Gilead sewage disposal plant. The construction of the new $315,000 plant got underway last summer and is expected to be completed and put into operation late this month.

Voters here approved a bond issue for the construction of the plant at the general election in November, 1954. The improvement had been ordered by the State Health Department and the village was subject to a fine of $500 per day if steps were not taken to eliminate the dumping of raw sewage into Whetstone Creek from the plant on South St.

—:—

ENGINEERING work on the project was done by Burgess and Niple of Columbus, and John C. Souders, engineer with the firm, was inspector on duty at the plant during the construction.

The bond issue approved was for 2.3 mills for 25 years. It was approved by a vote of 642 to 385.

The 15-inch trunk sewer lines from the old plant to the new plant and from the old Imhoff tank at the present city dump to the new sewer plant were completed last October, Mr. Souders said.

Sewage rental rates are being established in an ordinance which passed its first reading before city council last week. The funds are needed for the operation and maintenance of the plant.

According to Mr. Souders the plant operates on the "activated sludge treatment" principal which is considered one of the best plans now known. The plant is capable of handling any foreseen normal expansion of the village.

—:—

MR. SOUDERS said the plant will operate something like this.

Sewage will arrive at a tank in front of the control building where the solids will be ground up and pumped into a wet well. Pumps will then take the sewage to primary settling tanks where the solids will be settled out. Sewage will next go to the aeration tanks and then to the primary settling tanks where the activated sludge is collected.

Sludge is collected, drawn off and then taken to the digestor. After digesting it is pumped out to the sludge drying beds where it drys on sand beds. Solids from the sand beds are collected and disposed of from time to time as the need arises. The remaining waste is dumped into the creek.

Toy Makers Ask for Trouble With Kit To Analyze Parents

By DOROTHY ROE
Associated Press Women's Editor

Since this is the week when the nation's merchants flock to New York to select toys for next Christmas, I feel it only fair to warn parents that this time the toy manufacturers have gone too far.

As if today's children weren't already critical enough of their elders, one of the country's biggest toy firms is introducing a new kit by which small fry can analyze their parents. This promises to create further pandemonium in American homes, as well as at the Toy Fair, where it is to be unveiled.

When Pop tells Junior he can't have the car tonight, he may from now on expect Junior to whip out his analyst kit and announce:

"Your psyche is all out of whack and you're harboring a power complex. You are living in the past and you're just not hep. It says so right here."

The new kit provides the means for analyzing handwriting, having been worked out by a handwriting psychologist, and proves that the way you write your p's and q's may have dire meanings.

There are other things too that may well make the Christmas toy pack an ominous affair.

There are frighteningly efficient electric drills and lathes, and chemistry sets with which Junior might well construct his own bomb if he grows annoyed with conditions at home.

TV's Gleason At Stork Club Gets Heave-Ho

NEW YORK (AP) — Celebrated comedian Jackie Gleason has now joined the ranks of those who've gotten the celebrated bounce at the celebrated Stork Club.

The TV star staged an impromptu off-camera performance which was a bit too much off-color for club proprietor Sherman Billingsley.

Witnesses described Gleason's act as closely resembling that of the character, "the loudmouth," he often portrays on his shows. Gleason overdid the part when he played it at the club Monday night—not only was he loud, he was downright obscene.

After a bit of a tussle, it was said, the comedian was escorted right off the premises. Moreover Billingsley decreed, as he has in the case of other impolite patrons in the past, that the latch-string will not be out hereafter for Gleason.

Gleason arrived at the club with a blonde, became loud and boisterous and was requested to leave. He refused. Gleason then was ordered to beat it. Still he kept every one of his portly pounds glued to the chair. That's when the tussle began.

When it was over a few moments later, Gleason and the blonde were outside.

Highway Talks Set

COLUMBUS, Ohio (AP)—Officials from Ashtabula, Mahoning, Trumbull and Columbiana counties will meet with Highway Chief Charles Noble March 12 to discuss a proposed Lake Erie-Ohio River highway.

Legislators from the four-county area told Noble Monday the road is needed as a direct link between Ashtabula and East Liverpool. Meeting with Noble were Sens. C. Lee Mantle (R-Lake) and Charles J. Carney and Stephen R. Olenick, Mahoning County Democrats; Reps. Thomas P. Gilmartin (D-Mahoning) and Clarence L. Wetzel (R-Columbiana).

Tractor First

Ghana Rejects 'Neutral' Role, Nixon Is Told

ACCRA, Gold Coast (AP) — Vice President Nixon predicts the new nation of Ghana "will be national but not neutral" after it achieves independence from Britain Wednesday.

After a private meeting with Prime Minister Kwame Nkrumah, Nixon said the U.S.-educated Gold Coast leader told him: "We can never be neutral."

Nixon told a news conference Ghana, a British Commonwealth nation formed from the Gold Coast and Togoland, will "force policies which under no circumstances will accept foreign domination from any quarter."

He added that the plan was "for what we might term the democratic way of life.

"Speaking for myself," Nixon said, "I believe this is very significant because this could indicate the trend which will be followed in other African countries as they acquire their independence."

The area making up the new nation has been administered by Britain under a U.N. trusteeship. It will become independent within the British Commonwealth.

Nixon's private meeting with Nkrumah was the Prime Minister's first with any of the representatives of the 70 nations gathering here for the celebrations marking the birth of Ghana.

Planning Group Approves Request, But Denies Second

One application for permissive use of residence property was approved and another was denied by the city planning commission at its regular meeting last night in City Hall.

The commission scheduled five other applications for discussion at its April 1 meeting.

Denied at last night's meeting was an application of Ezra F. and Sara Joan Drake to use a garage at the rear of their property at 514 Universal Ave. as storage place for potato chips. The commission said that unloading operations would block the alley serving the garage and this would be detrimental to the city and unfair to residents in the area.

The application of Richard McClead of 805 Wilson Ave. to erect a garage for a music studio was approved but he was denied permission to use it also for the sale of small instrument parts, accessories and music.

Set for discussion on April 1 was the application of Charles W. and Ruth S. Oborn to use a residence property at 325 Mt. Vernon Ave. for professional offices and a multiple family unit.

Also to be discussed at the April 1 meeting is a proposal to rezone Lot 1684 on Park Blvd. from residential to industrial. The change was requested by Fred Cory of the Cory Rubber Co. The proposal is to be given a public hearing before City Council on April 8 and the planning commission must submit its recommendation prior to the public hearing.

Other permissive uses to be discussed at the April 1 meeting of the planning commission are: application of Amy Hunt to locate a house trailer on her property at 1002 Gebhardt St.; application of First Church of God, Inc., to locate a house trailer on its property at 990 Merkle Ave., and application of Ernest and Doris Scott to use part of their residence property at 475 Osgood St. for a TV sales and service store.

Ike Proposes Cost-Sharing Of Farm Relief

New Bill Would Hike States' Division to At Least 25 Per Cent

WASHINGTON (AP) — President Eisenhower proposed today that state and local governments pay more of the cost of programs for relief of drought and other farm disasters.

Present federal aid would be continued and expanded.

In a special message to Congress on agricultural disasters, Eisenhower urged prompt congressional consideration of proposals for cost-sharing and for some expansion and other changes in present programs. Details were suggested by Secretary of Agriculture Benson in an accompanying letter.

25 Per Cent by States

Benson said the administration will offer a bill which would require affected states to pay at least 25 per cent of the cost of such programs in their states.

A spokesman said states have been contributing less than 1 per cent.

Neither the President nor other officials gave an estimate of the total cost of disaster programs for the coming year.

President said the federal government should insure effective measures in helping to alleviate emergency conditions, but added he had drawn two general conclusions from his study of the problem:

"The first is that administration of emergency disaster programs must be kept close to the local people.

"The second is that state and local governments should assume a greater part in alleviating human distress and hardship and other local needs in time of disaster, calling on the federal government only to supplement their own resources."

Will Continue Aid

To meet needs arising from the present drought disaster in the Great Plains, Eisenhower said present "extensive" emergency programs will be continued "with appropriate" modifications from time to time.

In his letter, Benson said Congress will be asked to authorize funds for a deferred livestock grazing program in drought areas.

The secretary also said the administration will ask for a three-three-year extension of the department's authority to make special livestock loans to distressed farmers in drought areas and to permit borrowers to repay over a longer time.

Trunk Loaded With Jewels Is Lost in Tucson

TUCSON, Ariz. (AP)—The disappearance of a heavy trunk and its expensive cargo of wholesale jewelry from a railroad station left police with hardly a lead to follow today.

The wholesale value of the merchandise was placed at $40,000 to $50,000 by Fred J. Cannon, a 62-year-old jewelry salesman for the Cannon-Schaefer agency in Los Angeles.

The 186-pound green, reinforced fabric trunk was reported missing by Cannon Monday from the downtown Southern Pacific baggage room.

After checking the trunk in the baggage room, Cannon said, he removed his sample cases to display his wares to a customer. Then, he related, he put the jewelry back in the trunk. Baggage agents were unable to locate the trunk a short time later, and a check on outgoing trains proved fruitless.

Two Fire Runs Made Within Twenty Minutes

Marion city firemen were called to two fires less than 20 minutes apart late this morning.

A short circuit in the wiring of a jeep ignited gasoline causing minor damage to the vehicle at 11:36 a.m. Firemen said the jeep, owned by the Pure Oil Co., was under repair at the rear of 230 W. Pleasant St. in a garage owned by Robert Dorsey.

At 11:55 a.m. firemen were called to the F. J. Harriman farm on Route 23 just north of Keytown Camp where burning paper ignited grass and spread westward through two large fields, narrowly missing a barn. Firemen said the fire started when workmen were burning waste paper from an advertising signboard. No damage was reported.

Junkyard Permit Given

Dr. W. A. Ranck, Marion Township zoning inspector, today granted a permit to Willard R. Johnson of 181 Superior St. to locate a junkyard on the north side of the Wilhamsport Rd. west of the junction of Routes 4 and 23.

The property is a 20-acre tract owned by Mrs. John J. Dunbar.

To Perform in Piano Duet

Former Kenton Resident Will Return for Concert

WILLIAM SABRANSKY
To Appear Saturday

KENTON — William Sabransky and Mrs. Cecil Davis, featured pianists, will present a duo-piano concert under the auspices of the Kenton Music Club on Saturday, March 9, at 8:15 p.m. in the auditorium of St. John's Evangelical and Reformed Church in Kenton.

The concert is a benefit for the Music Club's student award fund project. Each year the music club presents the award to the outstanding student from Hardin County in the department of music at Ohio State University.

Mr. Sabransky, who is the son of Mr. and Mrs. John Sabransky, Kenton, lives in Hollywood, Calif., where he is widely known in music circles. He is studio organist for Jack Webb's famous "Dragnet" on radio and TV and has been with him for eight years.

—:—

HE HAS PLAYED for all major movie studios in Hollywood and recently finished work for the Walt Disney studio on TV and film features. Also included in his Hollywood activities was a play at the Pasadena Playhouse last fall where he appeared in a dramatic role with movie actress Ilona Massey. He is organist with the Hollywood Congregational Church, one of the oldest churches in Hollywood, where many motion picture stars have been married.

He is a graduate of Kenton High School, attended Wittenberg College at Springfield, and then transferred to the University of Southern California where he received his degree in music. After graduation he was staff organist for NBC on the west coast and then became a free lance artist for several of the major movie studios. During the war, Mr. Sabransky spent four years in service with the Army Transportation Corps where he was in charge of entertainment on the Thomas H. Barry, sister ship of the Morro Castle. He made 28 Atlantic crossings during his tour of duty between 1942 and 1946.

On his return to Hollywood in about two weeks, he will be with Walt Disney studios for major musical work. Mr. Sabransky and Mrs. Davis were childhood classmates and their childhood ambition was someday to present a musical recital together.

—:—

MRS. DAVIS IS prominent in local music circles and was formerly choir director of St. John's Church.

Guest baritone soloist for the evening is another former Kenton man, Jack Grigsby of Columbus. A graduate of Kenton High School, he majored in music at Ohio State University and during the summer of 1955 he made a concert tour of Europe with the Symphonic Choir.

He has been director of music at Westgate Methodist Church in Columbus for the last three years and is teaching part time at Ohio State University. He is a member of Temple Israel Choir and a baritone soloist with St. Stephen's Episcopal Evensong Choir. Lowell Enoch, organist at St. Stephen's Episcopal Church and the Temple Israel, will be accompanist for Mr. Grigsby. Mr. Enoch is affiliated with the American Guild of organists.

Marion Group Files Exhibit Backing LCA in Air Hearing

A 26-page exhibit supporting Lake Central Airlines in the forthcoming Great Lakes Local Service Investigation Case before the Civil Aeronautics Board has been filed by local officials.

Thomas Pendergast, chairman of the aviation committee of the Chamber of Commerce, directed preparation of the exhibit.

The exhibit supports LCA in its applications for certain route extensions to be decided in the CAB hearings in Columbus later this year.

New routes LCA hopes to obtain are one from Charleston, W. Va., to Saginaw, Mich., via Ashland-Huntington, Portsmouth, Columbus, Marion, Toledo, Detroit and Flint and another from Columbus to Milwaukee via Marion, Toledo, Jackson, Grand Rapids and Muckegon, Mich.

Both routes will help to provide better air service for Marion by providing additional schedules between Marion and Columbus and points south and Detroit and Toledo and other points north and west, the exhibit argues.

It goes into detail to demonstrate a considerable growth of Marion and Marion County since 1900 with the biggest upsurge starting in 1950 (up from 33,780 for the city then to an estimated 44,980 at the end of 1956).

Much of this growth has been aided considerably by the Marion Municipal Airport which was completed in 1950, the exhibit contends.

It points out that use of air service to and from the city has increased steadily over the last six years and will continue to increase if still better service is provided by LCA through the requested route extensions.

tin Aircraft Co. in Baltimore as planning and operations manager. Earlier he had been employed by Delco Products in Dayton.

Born in Indianapolis, Ind., on Aug. 20, 1911, Mr. Evans attended Bath Consolidated Elementary and High School in Fairborn, O. He was graduated from the University of Cincinnati where he received a degree in industrial engineering. He is a member of Rotary International. He and his wife reside in St. Joseph. They have no children.

The Career Day will feature student conferences with more than 60 career representatives following the keynote address.

Each student will have the opportunity to attend two of the meetings concerning the careers in which he is most interested. Sessions will last throughout the morning on Tuesday.

Plymouth Publisher Asks Release of Names

NORWALK, Ohio (AP)—The publisher of the weekly Plymouth Advertiser, A. J. Paddock Jr., complained to the nearby Willard Council Monday night that officials at Willard Municipal Hospital refused to release names of accident victims.

Paddock referred specifically to a traffic accident in which six Catholic nuns from Toledo were injured last Saturday.

Councilmen told Solicitor Joseph Dush to notify the hospital it must release such information since it is a municipal institution.

James Hegan, field secretary for the alumni association, will speak on the new athletic recruiting rule and show a football movie after the meeting. Probate Judge C. W. Pettit is president of the Hardin County chapter.

Asks Water Study

COLUMBUS, Ohio (AP)—A legislative committee called today for positive action to meet growing water consumption in Ohio. The committee approved a report warning that, with ever-growing water consumption, the state is close to a "final accounting." It added "a fully qualified authority" is needed to study water conservation problems.

Alcoholic Content Of Can of Beer Is Akron Court Issue

AKRON, Ohio (AP)—How much alcohol does a can of beer contain?

That is a question that Municipal Judge J. L. Tweed of Cuyahoga Falls must decide.

The question was raised Monday in the trial of Mrs. Alma E. Sawan, a waitress in a Cuyahoga Falls restaurant, who is charged with selling "high powered" beer to a 19-year-old youth.

David Sanders, assistant city soliciter, citing a state law which prohibits sale of intoxicants to persons under 21, said the label on the can of beer sold the youth said its alcoholic content was at least 3.2 per cent and not more than 7 per cent.

He argued that 3.2 per cent would make the beer an intoxicating beverage under the law.

Defense attorney Edward Krutel contended that the printed label was not admissable evidence. He argued that the alcoholic content could not be determined without analyzing the beer.

Judge Tweed said he would rule Friday.

Missionary Dies

CHICAGO (AP) — The Rev. Dr. John D. Hayes, 69, long-time missionary and educator in China, died in an Indonesian hospital Monday from traffic injuries, the Presbyterian Board of Foreign Missions announced. Dr. Hayes, born in China, was educated at Wooster College, Ohio, and Princeton University.

Newcombe Becomes First Casualty; Injures Arm

Dodgers' Hurler Sidelined; Extent of Hurt Uncertain

By The Associated Press

The entire Brooklyn Dodgers camp at Vero Beach, Fla., was holding its collective breath today wondering just how badly ace pitcher Don Newcombe had injured his arm.

The towering 27-game winner twisted his elbow making a hurried throw to second base during pickoff practice Monday. Ten minutes later he abruptly left the mound because, he said, the arm was bothering him.

Rest Ordered

"He will have to rest and take heat treatments," said Harold (Doc) Wendler, Brooklyn trainer. "There's no way of telling how long he will be out. We'll have to wait and see how much it tightens up. It could mean trouble though."

Newcombe, named the Most Valuable Player of the National League last year, said he wasn't worried.

"I felt a twinge and quit," he commented. "Certainly it's nothing like it was last September."

He was referring to an injury at the end of the '56 season. He subsequently was knocked out of the box in two starts against the New York Yankees in the World Series.

Meanwhile, interesting guessing games were developing at three other camps.

1. At Bradenton, Fla., everyone was wondering who would get the left field berth with the Milwaukee Braves.

"They say we have seven left fielders," complained Manager Fred Haney. "I prefer to say we have 12 outfielders. We try to find the best man for each position."

3 Fight for Job

2. At St. Petersburg, Fla., the St. Louis Cardinals are wondering who would get the center field post. Rookies Bobby Gene Smith and Chuck Harmon were battling Bobby Del Greco for the spot.

3. At the New York Yankees' camp, across town in St. Petersburg, the club was watching Casey Stengel's latest lineup gyrations closely.

He planned to start Moose Skowron at ird base in an intrasquad game today and assign Marv Throneberry to the latter's first base post.

Chicago Infielder Prefers Nashville

TAMPA, Fla. (AP) —The Chicago White Sox are beginning to wonder about infielder Tom Brown who has yet to sign his contract.

The strange thing about the c. e is Brown was offered the salary he had requested.

Brown played for Nashville the last two seasons and recently married a young lady from that city. It is suspected he wishes to remain there.

"How anyone could prefer Nashville to the major leagues baffles me," said vice president John Rigney. "He has bounced around the majors before but he's only 29 and a good hitter."

Ted Williams Sets Pace for Red Sox

SARASOTA, Fla. (AP) —Ted Williams, the 38-year old Boston Red Sox slugger, is hustling as never before in spring training.

Ted has been setting a terrific pace for the younger ball players and is amazing observers who know his distaste for the pre-season "grind."

After rain forced Ted to retire from a pepper game Monday he took long turns indoors at weight-lifting and pushups.

Carrasquel Waits New Indian Offer

TUCSON, Ariz. (AP) — Hank Greenberg, Cleveland Indians' general manager, has heard from Chico Carrasquel, the holdout shortstop, after several unsuccessful telephone calls to Caracas, Venezuela.

Chico wired Monday night from Caracas that he is awaiting a new contract.

Greenberg fired back a telegram ordering Carrarsquel to the Indians' training camp here by March 8 to talk terms. No contract will be mailed, Greenberg said.

Carrasquel is one of four unsigned Indians.

O'Malley Confers On Dodger Move

LOS ANGELES (AP) — Mayor Norris Poulson and an official delegtion are off to see O'Malley, the poobah of Brooklyn-ville, in hopes of bringing his Dodgers to Angeltown, some day.

The word from the Dodgers training camp is that Dodger President Walter O'Malley is sending Brooklyn's private plane to pick up the Los Angeles group in Miami Wednesday morning and fly them to Vero Beach.

O'Malley has carefully avoided any commitment, or even speculation, as to whether the Dodgers will move to Los Angeles, now that Brooklyn owns the Los Angeles franchise in the Pacific Coast League.

Mayor Poulson said "we mean

Tar Heels Retain Top Cage Berth

By BEN OLAN
The Associated Press

The North Carolina Tar Heels, who last Friday night ended an unbeaten 24-game regular basketball season, today maintained a commanding lead in the Associated Press' weekly poll, but Michigan State and Oklahoma City made the largest gains.

The Tar Heels collected 55 first-place votes and 711 points in the next-to-last poll of the campaign, participated in by 76 sports writers and sportscasters.

The Kansas Jayhawks remained in second place. They had eight first-place votes and a total of 605 points on the usual basis of 10 for first, 9 for second place, etc. The vote included games through Saturday, March 2.

The No. 3 through No. 5 positions also were unchanged with Kentucky, Southern Methodist and Seattle running in that order. Seattle, however, received five votes for first place to one each for the Wildcats and SMU.

Louisville, with victories last week over DePaul and Toledo, jumped from eighth place to sixth. UCLA, which lost twice, dropped a notch to seventh.

Michigan State, unranked a week ago, moved into eighth place on the strength of successes over Wisconsin and Indiana, which gave the Spartans the Big Ten conference lead.

Vanderbilt held the No. 9 position while Oklahoma City (17-8) moved up eight places to 10th. Bradley and Indiana dropped from the first 10.

The top 10, with first-place votes in parentheses:

1. North Carolina	(55)	711
2. Kansas	(8)	605
3. Kentucky	(1)	476
4. Southern Methodist	(1)	399
5. Seattle	(5)	331
6. Louisville	(1)	194
7. UCLA		188
8. Michigan State		122
9. Vanderbilt		115
10. Oklahoma City	(2)	101

The second 10, in order:

West Virginia, St. Louis, Bradley, California, Idaho State, Oklahoma A&M, Iowa State, Mississippi State, Memphis State and Wake Forest.

Game To Finance Trip For School Patrol Boy

Proceeds from the benefit donkey basketball game to be held Wednesday night under sponsorship of the Marion City PTA Council will go toward sending a school patrol boy to Washington, D.C., on a trip this summer and also will be applied to a fund for a teaching scholarship awarded in the schools.

The event will be held in Taft Junior High School and will begin at 7 p.m. Local post office workers will ride the donkeys. Other entertainment will include a preliminary game between teams from Vernon and Silver St. schools and a performance by the Martha Douce Dance Studio.

The five-sided home plate was first used by organized baseball teams in 1900.

Indiana Star Nails Big Ten Scoring Title

CHICAGO (AP) —Indiana's Archie Dees won the Big Ten all-games basketball scoring title in a breeze outdistancing his nearest opponent by more than 100 points.

Dees compiled a 25-point average with 550 points in 22 games while Frank Howard of Ohio State finished second with 442 points in 22 games for a 20-point average.

Third was Illinois' Harv Schmidt with 414 points in 22 games for a 19.0 average and Minnesota's George Kline followed with 396 points in 22 games for an 18.0 mark.

Northwestern sophomore Joe Ruklick, among the top three most of the season, was fifth with 394 points in 22 games for a 17.9 average.

Gophers Sink Ohio State in Closing Battle

MINNEAPOLIS (AP) — Minnesota rolled up 10 quick points in the final two and a half minutes to defeat Ohio State 76-69 here Monday night and crush the Buckeyes' final hope for a share in the Big Ten basketball championship.

The loss deprived Ohio State of a three-way tie with Michigan State and Indiana. The Buckeyes, with a 9-5 conference record, finished in a tie for third place with Minnesota.

The Buckeyes moved out to an early lead behind the scoring of Frank Howard, Ken Sidle and Larry Huston, but the Gophers caught up, 18-18, midway in the first half. Then, except for a few moments at the opening of the second half, Minnesota stayed in charge.

The Buckeyes fought back to within one point with two and a half minutes to go. The score was 66-65, but a 10-point scoring spurt by Minnesota iced the Gopher victory.

Duquesne Bids For Berth in NIT Tourney

By The Associated Press

Duquesne, a National Invitation Basketball Tournament fixture for the past five seasons, may get another bid this year.

Three berths remain to be filled and the Iron Dukes made a strong pitch for one with an impressive 88-54 victory over Temple in Pittsburgh Monday night. They avenged a previous 64-60 setback.

The victory gave the Dukes a 16-7 record while Temple, still hopeful of either an NCAA or NIT bid, finished with 17-7.

Long before the game was over, the Duquesne fans were chanting "N-I-T."

Captain Dave Ricketts hit from the outside to lead the Duquesne scoring attack with 21 points. Little Friz Binder chipped in with 20.

Pittsburgh Monday became the 16th team picked for the 23-entry NCAA major tourney. The Panthers were chosen as an Eastern "at large" selection.

Spartans, Hoosiers Share Big Ten Basketball Crown

By The Associated Press

Indiana gained its revenge and Michigan State didn't. As a result the two teams share the title in one of the daffiest Big Ten basketball races in history.

Michigan State fell before archrival Michigan, 81-72, and Indiana avenged its most humiliating defeat of the season Monday night by whipping Illinois, 84-76. Ohio State, which also could have grabbed a share of the crown, was forced to settle for a third place tie with Minnesota by dropping a 76-69 decision to the Gophers.

Michigan State goes to the NCAA championships because Indiana had last represented the Big Ten in 1954.

Wisconsin stumbled out of the Big Ten cellar with an 82-69 victory over Northwestern and Purdue finished in a tie for fifth by beating Iowa 72-63.

As expected, all of the home teams were victorious. Only one game remains in Big Ten activity and that'll be played before a regional television audience Saturday afternoon with Wisconsin at Iowa.

Michigan State, riding a 10-game winning streak after three initial losses, went to Ann Arbor to avenge an earlier 70-69 loss to Michigan. But the Spartans were never in the running as Michigan took a 52-34 halftime lead and coasted into a fifth-place tie with Purdue.

Ron Kramer, Michigan's remarkable athlete, ended his college cage career with 21 points to lead the Wolverines. Larry Hedden was tops for Michigan State with 20.

Indiana, defeated earlier by Illinois, 112-91, came from behind in the second half to tumble the Illini to their first second division finish in 13 years. Favored to win the title, Illinois finished seventh with a 7-7 record.

Illinois held a 41-35 halftime lead but the Hoosiers finished with five players scoring in double figures as Archie Dees, the Big Ten's "Big Man" led all scorers with 25 points. Harv Schmidt topped Illinois with 22.

Ohio State had to settle for a third-place tie rather than a share of the crown mainly because of Minnesota's free-throw accuracy. The Bucks topped the Gophers from the field, 27 goals to 26, but Minnesota canned 24 of 34 free throws while OSU could only hit on 15 of 26.

Wisconsin yielded the cellar for the first time this year, exchanging places with Northwestern. However, the Badgers will have to beat Iowa Saturday or finish in a tie with Northwestern.

Ohio Colleges Open Play for NAIA's Berths

YOUNGSTOWN, Ohio (AP) — The College of Steubenville and Youngstown University meet here tonight in the championship game of the National Assn. of Intercollegiate Athletics district basketball tournament.

The winner will participate in the 32-team NAIA tourney which opens March 11 in Kansas City.

Both teams advanced with easy victories Monday night—Steubenville downed Wilmington 83-64 and Youngstown defeated Defiance 91-69. The two losers play a consolation game tonight.

Steubenville led all the way, holding a 39-33 advantage at halftime, in registering its 18th victory in 26 games this season. Jim Smith led the attack with 34 points. Jack Horner and George Morton were high scorers for Wilmington with 13 apiece. Wilmington is now 15-5 for the season.

Led by Mickey Yugovish, who scored 25 points, Youngstown took an early lead and was never in trouble in winning its 18th straight victory on the home floor over a span of two seasons. The triumph was the 20th in 23 games this season. Jim Ladd scored 18 points to lead Defiance, which has won 19 of its 23 starts.

NFL Leader in Defense Of Reserve Clause, Draft

PHILADELPHIA (AP) — Professional football players in the National Football League have the best contracts in sports history says league Commissioner Bert Bell.

Bell called a press conference Monday to answer Congressional critics of the pro game, especially Rep. William E. Miller, (R-NY).

Miller had criticized the player draft and reserve clause which binds a player to a team, charged the owners with boycotting players, suggested a guaranteed annual salary and an injury protection clause, urged recognition of the Players' Assn., defended the rights of players to training camp expenses and exhibition pay, and urged league expansion.

Bell declared:

"Without the reserve clause and selection system the right clubs would get richer and the others would go out of business." The clause binds a player to a one year contract with a one year option after which he can bargain for himself with any club.

Bell said he never knew of any player boycotted for exercising these rights.

The draft "has equalized our teams to such an extent that if a team has won only one or two games, the fans know that on a given day it still may beat any team in the league."

The owners might accept the players union if the players "will take the thing step by step and don't get to pushing and shoving."

Players are protected financially against injury, training camp expenses are paid and as for a guaranteed annual salary, "our players are in a great bargaining position. We have to pay at least 33 per cent of the drafted college players a bonus to sign."

The league will be ready for expansion "when our bottom teams win at least four games three years in succession." Bell said he favors expansion "when there is enough player material."

Infield Change Considered by Cubs' Skipper

MESA, Ariz. (AP) — When new manager Bob Scheffing said none of the Chicago Cubs was sure of his job, he meant it, even to nudging one of the best shortstops in the majors, Ernie Banks, to a new position.

Scheffing said today that Banks, who holds the big league home run record for shortstops at 44, may wind up at first or third base if ex-collegian Gerry Kindall can make the grade at shortstop.

"I feel that if a man can play shortstop well, he can play any place in the infield," Scheffing said of Banks, whose .297 batting average led the Cubs last season for the second straight year.

3 Men On Spot

This puts three men on the spot.

Kindall, a 6-foot-2½ star of the University of Minnesota's NCAA champions, has to prove he can hit major league pitching. He led the Big Ten last spring with a .440 mark.

"College ball isn't the big leagues," said Scheffing, "but don't forget that men like Harvey Kuenn, who went from Wisconsin to the Detroit Tigers, and Bill Skowron, who made it with the New York Yankees from Purdue. They proved the jump could be made."

Kindall, however, has no minor league seasoning.

The other two players on the spot in the projected switch of Banks to first or third are veteran first sacker Dee Fondy and Ray Jablonski, the well-traveled third baseman acquired from the Cincinnati Redlegs.

Fondy, batted .269 last season—not much better than his .265 in 1955 when he began a puzzling slump from a .300 pace the previous three seasons.

Jabbo Faces Test

Jablonski brings a potentially heavy bat to the third base post, which lacked any real batting authority last season when light-hitting Don Hoak occupied the job most of the time.

But Jabbo, a .256 hitter with 66 RBI's at Cincinnati last season, has to fend off George Freese, up from the Angeles, perhaps Banks and second baseman Gene Baker as well.

Jailed in Hit-Skip

COLUMBUS, Ohio (AP) — Andrew Edwards, 27, Columbus, faces six months in jail for the hit - skip auto death of Mrs. Ellen Galvin, 67, also of Columbus, Christmas Eve, 1955. Municipal Judge Dean Strausbaugh fined Edwards $200 and suspended his driver's license for three years, after Edwards was convicted Monday of leaving the scene of the accident.

'Y' Swimmers Take Ribbons In AAU Meet

Marion YMCA swimmers participating in the third section of the Lake Erie AAU swimming championships brought home five ribbons on a fourth and fifth place.

The girls' swimming team had its first success in AAU competition as the 200 yard medley relay team of Judy Evans, Beatrice Orlowski, Barbara Bush and Lee White took fourth place with a new Marion team record of 2:39.3. The old mark made in practice was 2:42.3. Judy Evans also entered the 100 yard backstroke and finished in sixth place. Christine Kluter of the Cleveland Swim Club in the same event set a new national record of 1:06.4 for girls 14 years and under. The relay event also was for the same age group.

Alan McKee and Bruce Kohler represented the boys' team in the 200 yard individual medley for boys 14 years and under with McKee setting a Marion team record when he finished in 2:48.5, good for a fifth place ribbon. Kohler was disqualified when he missed a turn on the butterfly leg. The event was won by Lima's Bob Hunter who also was a winner in the 100 yard backstroke event.

Saturday the Marion team closes its dual meet schedule with a meet against Mount Vernon YMCA in the Kenyon College pool. The undefeated junior team will be seeking its 10th straight win and the first undefeated season by a "Y" age group team. The preps with a record of four wins and five losses will be attempting to even their record and gain revenge for a one point loss to Mount Vernon in the local pool.

Skating Party Held

A crowd estimated at more than 150 attended the roller skating party of the Marion Flywheels Monday night at the Highway Rollarena. A Club spokesman today expressed satisfaction with the support given the group's first public function and hinted that others might be scheduled in the future. A special prize was awarded Darrell Bushatz. The next meeting of the club will be held Thursday at 7:30 p.m. at City Hall.

Joe W. Graham, Dartmouth sprinter, was a standout trackman at Pomona, Calif., High.

Morral Cagers Record Verdict Against Ashley

John Neal pumped in 32 points to lead the Morral Merchants to a 90-75 victory over the Ashley Merchants Monday night at the winners' floor.

The Marion County squad fell behind 19-16 in the first quarter and was still behind 42-41 at the half. The winners forged ahead 61-54 in the third stanza.

In addition to Neal's 32, Jerry Higgins poured in 28 points for the winners while Jack Atha hit for 15 and John Forry netted 10.

R. Stults collected 26 for the Ashley squad while Carper finished with 20.

Mickey Rooney: Lost and 'Found'

"The wonderful thing about show business," a hopeful, unemployed comedian once said, "is that there's always somebody around to 'find' you."

MARIE TORRE

It's a bit of philosophy which Mickey Rooney could easily adopt today, for after some 12 years of being "at the bottom of the pickle barrel," he was handed a magnificent television assignment and all of a sudden he's the TV rage.

Since his powerful performance as "The Comedian" on "Playhouse 90" this month, Mickey might well be Elvis Presley for the way he's being pursued by video entrepreneurs, and particularly, CBS officials who are waving a lucrative 10-year contract before his bedazzled eyes.

"I'm negotiating with CBS, and they have a lot of interesting things lined up for me — guest shots and a filmed series to begin in January," said Rooney, his delight showing. "Yeah, that 'Comedian' role brought me some jobs. . .a sense of security, too! Not too long ago, you know, I had to go out and take on some pretty tough chores to pay the rent"

-:-

ALONG WITH THE JOB offers, the 36-year-old bantam is being hailed as "the new Mickey Rooney," as if his professional know-how were recently acquired, and that puzzles Mickey.

"I don't know where they get such terminology," he said. "I'm the same guy. It's just that the 'Comedian' was a very good part, something I haven't had in a long time. Nobody seems to remember that I once appeared in some pretty fair movies, like 'Boy's Town.' Heck, I've been in show business 33 years; my parents were show people. What's this 'new Mickey Rooney' stuff?"

"New" or old, the fact of the matter is that Mickey was relegated to such films as "Francis in the Haunted House," in which he played second fiddle to a talking mule, before the "Comedian" came into his life.

But his movie life is much brighter now and totally devoid of any four - footed pals. He's been signed to star in the screen adaptation of "What Makes Sammy Run" this summer, after which he expects to give the Palace Theater a whirl.

-:-

BESIDES GIVING his career a big push, "The Comedian" inspired one of Mickey's three young sons to speak a bit of fatherly sentiment, and the actor relates the story with no small measure of pride. After the boy saw papa's portrayal of that monstrous, vulgar "Comedian," he embraced Mickey and vowed: "Well, I still love you."

"Does the 'Comedian' resemble anybody you know?" we asked.

"Oh no!" shot back Mickey. "Nobody in show business is that much of a heel."

-:-

LATEST WORD on the hour-long format of "I Love Lucy" next season is that it will consist of a story line comedy with big name guest stars and will be filmed in glorious, compatible color. "It will be like an hour movie once a month," reports Desi Arnaz, "and we'll give it theatrical quality." The budget will have "quality," too. Desi has set a price of $350,000 for each of the shows, which is approximately the cost of a color spectacular.

-:-

NANETTE FABRAY, still without a show she can call her own, bides her time this month with the star role in "The Last Of Mrs. Cheney," the March 17 production on "Alcoa Hour." The hour-long weekly series, incidently, faces a change in title next season, unless the producers have a mind to call it "Alcoa Half Hour." Its time will be curtailed beginning Oct. 6 on NBC. . . Leading candidate for the role of Danny Thomas' wife in "Make Room For Daddy," is Marjorie Lord, who just completed a two - year road tour in the play, "Anniversary Waltz". . .ABC negotiators are luring Gary Cooper with an offer to "produce and periodically appear" in an hour western Thursday nights. If you can read between the lines, the arrangement means that the number of Cooper's performances will be very small and the weekly Cooper billing very big.

Eggs au Gratin Provide Meatless Lenten Dish

Special attention will be focused on meal planning during the Lenten period by those who find it necessary to prepare meatless dishes.

Slices of egg and tomato are placed alternately in a ring in baking dish and topped with a cheese sauce to make this nutritious dinner of eggs au gratin.

To prepare the meatless dish, use

1½ cups liquefied instant nonfat dry milk
5 tablespoons flour
½ teaspoon salt
½ teaspoon oregano
⅛ teaspoon pepper
⅛ teaspoon paprika
1 (8 oz.) package sharp process cheddar cheese, shredded
6 hard-cooked eggs, sliced
4 medium - size tomatoes, sliced

Pour liquefied dry milk into top of double boiler; sprinkle flour and seasonings over surface. Beat with rotary beater until just blended. Cook over hot water, stirring constantly, until mixture begins to thicken. Add cheese; stir until melted.

Arrange eggs and tomatoes in alternate layers in a buttered 8-inch square baking dish; top with cheese sauce. Bake in moderate oven (35 degrees F.) about 12 minutes or until thoroughly heated. Makes 4-6 servings.

Waldo Supply Crushes Pleasant Cagers 85-47

The Waldo Supply quintet moved into the semifinals of the Tri-County league basketball tournament last night with a convincing 85-47 decision over Pleasant. The game was played at Richwood.

The Waldo squad pulled away in the second quarter after a nip and tuck battle for 10 minutes. The first period ended with the winners out front by a 21-20 margin. However, in the second period, the Waldo defense limited Pleasant to four points and the winners moved into a 33-24 halftime bulge. They led 59-32 at the start of the final quarter.

Roy Klingel pumped in 22 points, 20 in the last half, to lead the winning attack. Don Schultz finished with 20 and George Yake netted 18. Bob Baughman was high for the Pleasant team with 12 while Mahaffey netted 10.

The Waldo crew will meet Gulliford Hardware of Green Camp next Monday night at the Richwood floor.

Bengals Mention Finigan for Trade

LAKELAND, Fla. (AP) — The Detroit Tigers, with an abundance of infielders and a shortage of starting pitchers, are hoping Jim Finigan can bring them some help.

Finigan, the infielder obtained by the Tigers in their winter trade with the Kansas City Athletics, was thrown into trade talk Monday by manager Jack Tighe.

"We're certainly not going around offering him for trade," Tighe said of Finigan, "but if we could get a good pitcher or some outfield help, I wouldn't be opposed to trading him."

Tighe said Cleveland — the possessor of pitchers Hank Aguirre and Bud Daley, two objects of covetous Detroit glances — had indicated interest in Finigan.

Redleg Bonus Rookies To See Plenty of Action

TAMPA, Fla. (AP) — Manager Birdie Tebbetts plans to put his two bonus rookies in as many exhibition games as possible.

They're Bob Henrich, 6-foot-1 Compton, Calif., infielder, and Don Pavletich, righthanded catcher from West Allis, Wis.

"I've got to see if they can hit big league pitching," Tebbetts said after Monday's workout was rained out. "Both appear to have big league swings and ought to be good hitters.

"But I wonder if they can help this year."

Braves Called 'Most Determined' by Haney

BRADENTON, Fla. (AP) —Manager Fred Haney of the Milwaukee Braves took time out Monday to assess his 1957 baseball squad and said, "this is the most determined ball club I've ever seen."

Haney said, "I still have to hear a single gripe and I'll have to admit I've been driving them pretty hard."

Jury Indicts 4

DAYTON, Ohio (AP) — Keith W. Lower, former postmaster at Buckeye Lake, and Blanche L. Geiger, former postmaster at Lakeview, were indicted on charges of embezzlement and embezzlement from the mails by a federal grand jury here Monday.

The grand jury also indicted Donald R. Butch on one count of armed robbery for the $14,509 holdup of the First National Bank at Mount Gilead Feb. 1; and indicted Dr. George C. Redrow of Columbus on five counts of income tax evasion.

Gulliford Hoop Squad Wins Over LaRue 82-74

In first round action of the Tri-County League tournament, played at Richwood, Gulliford Hardware turned back the LaRue Merchants 82-74.

Gulliford came from behind at the quarter to lead the rest of the way for the win. The count was 24-20, favor of LaRue, after the initial session, had changed to a 43-37 picture favoring the Gulliford quintet at the half, and was 70-61 after three quarters of activity.

Merl Hilborn paced his mates to victory with 24 points. Jim Riley rolled in 22 and Bob Weston got 15. Larry Hickman was high for LaRue with 20 tallies, while Mike Pekach, Bob Hughes and Raymond Hosey each contributed 14.

Gulliford now meets the winner of the Waldo-Pleasant game in a March 11 tilt. Tournament action Wednesday night includes Wilson's meeting Caledonia at 7:30 p.m., and Richwood taking on Morral at 8:30.

Marion Teachers Score Hit in Rollicking Show

By JUNE ROSEBERRY

That teachers' talents are not confined solely to the classroom was apparent Monday night when approximately 50 faculty members of the Marion public school system joined forces in presenting a rollicking, humorous and talent packed program in the Harding auditorium

More than 600 persons were on hand to see the original "No-Zark Jubilee" which netted more than $300 profit for the K H Marshall Student Loan Fund

THE FOUR comedians more than earned their title with humorous antics and talent exhibitions Robert Webb's portrayal of "Life's Greatest Moment," the Saturday night bath brought unrestrained laughter from young and old alike

'Mr Elbowgrease " Edward Miller, displayed his wit along with his ability to play the clarinet in a number entitled "Goofus " Mr Miller also served as director of the production

A vocal solo and soft shoe dance by George Whitehead and Harold Hazelett added variety and talent to the show also

Howard Quinn proved a poised and linguistic master of ceremonies He and the four comedians succeeded in keeping the entire jubilee moving at an attention holding pace

By far the most popular chorus number was Bicycle Built for Two," featuring not only the 14 voices of the men s chorus but a bicycle duo with James Hill dressed as the pert young miss and Paul Bingmam as the handsome escort

George Lane s singing ability was evidenced in a baritone solo, "Bill Bailey, ' which was nostalgically presented

Other numbers during the first half of the program were an impersonation by Mr Webb and Mr Hazelett plus a quartette number featuring the "silver throated ' voices of Gene Allison Melvin Keeran Thomas Petrie and Ted Stolarczyk

THE SECOND HALF of the program got off to a lively start with a colorful glimpse of the Gay Nineties Members of the ' Four Baby Dolls" chorus presenting I Love My Baby" were Miss Nancy Hammond, Mrs Sue Adams Miss Nancy Leslie and Mrs Mary Ann Stolarczyk

A monologue by Paul Bingman presented some new and unexpected interpretations of nudism, delivered with such authority of tone and grave countenance that even the most somber person could not help but chuckle

' The Road to Ceylon " a narrative of two women who meet on a train traced a gradual change in personality in proportion with the consumption of liquor was presented by Miss Pat Gary and Mrs Myra Sanders

The singing talents of Miss Angela Weeda a coloratura soprano were well demonstrated in two selections "And This Is My Beloved" and ' Oceana Roll '

The dismaying downfall of "Casey at the Bat ' was expertly dramatized in a recitation by Melvin Bernow

THE ANDREWS Sisters impersonated by three attractively dressed "young ladies ' provided a fitting conclusion to the program Dressed in bobby socks, skirts and sweaters were Robert S Brown, Cecil W Gabler and Mr Lane Their dance routine proved most striking, as did their appearance

Intermission of the program was marked with the selling of pop corn and peanuts, all bagged under the title 'No Zark Magic Tempting Tonic '

As an endorsement of the tonic Floyd Hofacker consumed some proving its worth in transforming him to vigor and health from a worn humped figure Donald Baggs served as a barker praising the tonic and urging its purchase.

Group Discusses Ways of Training Skilled Laborers

Plans to organize a committee to investigate means of educating and training more skilled labor for local industrial plants were discussed by the Manufacturers Council of the Marion Chamber of Commerce at a meeting held at Hotel Harding Monday noon

The council noted that more skilled laborers are needed to fill local plant requirements and any new industries which locate here will need additional numbers of skilled workers

It was announced at yesterday's meeting that Paul Daughterty, director of legislation for the Ohio Chamber of Commerce will be the speaker for the March 18 meeting of the council He will discuss the activities of current session of the Ohio General Assembly

The council also discussed the establishment of a proposed economic discussion group recommended by the U S Chamber of Commerce The question of establishing local discussion groups now is being studied by a committee of the council under the chairmanship of Don Howard The committee is expected to make a report at the March 18 meeting

Another committee composed of Harold Grigsby Mr Howard C L Baxter and Charles Harmon presently is meeting with school officials concerning annual plant visitations by the teacher Plans are to schedule visits to the plants by the teachers and visits to the schools by plant officials on alternate years Present plans call for the teachers to visit the plants during the 1957 58 school year

'Propriety' of Trailer Purchases Is Probed

COLUMBUS OHIO (AP)—The Ohio Department of Highways today said it was investigating the "propriety ' of a recent purchase of eight equipment trailers from the Gledhill Road Machinery Co of Galion

Payment on the trailers for which the company submitted a low bid of $13 500 on the department purchase contract was withheld pending results of the investigation

A department spokesman said unofficial charges have been made that purchase of the trailers was "unnecessary ' and that the purchase was made as the result of "politics ' in the waning days of former Gov Frank J Lausche s administration

Depends on How You Figure It

Farm Income Up in '56? Benson: Yes; Critics: No

WASHINGTON (AP) — Farm income the way the Agriculture Department figures it totaled $11,836 000 000 last year an increase of 4 per cent over the 1955 income of $11 340 000 000

But by the way some others figure it — including some Eisenhower administration farm critics — it was $11 586 000 000 or eight tenths of ' per cent below the 1955 estimate of $11 630 000 000

Both sets of figures were disclosed in the department s final report today on farmers financial returns in 1956

Double Formula

The department computes farmers net income on the basis of the amount of money farmers have left from products sold and consumed after paying production expenses Some others including Sen Humphrey (D Minn) contend it should be figured on the basis of the net value of actual output during the year

The department s estimate of 1956 income runs higher than the other because it included 250 million dollars worth of crops and livestock which the farmers sold last year from previous years' accumulations

The report carried both sets of computations but used the first set as its official estimate of net income The second set was included as customary to permit statistical comparisons

The record high net income — on the department's basis — was $17 191 000 000 in 1947 On the other basis the record was $17, 695 000 000 in 1948

Claims Figures Padded

Humphrey recently contended the department was trying to make farm income look better than it was for political reasons

The total income of the farm population—including farm wages changes in inventories of crops and livestock, returns of farm operators from farming and money received from nonfarm sources such as investments — was reported at $19 784 000 000

This was an increase of about 1 3 per cent over the 1955 figure of $19 529 000 000

The income from all sources averaged $889 for each man woman and child in agriculture compared with $881 in 1955 By comparison the average for the nonfarm population was reported at $2 019 last year and $1 735 in 1955 The department said this is the first time since 1951 that the farm population income average did not decline

Arizona Led U.S. in '56 For Net Farm Income

WASHINGTON (AP)—Arizona led all the states last year in the average net income of farm operators—$11 892 compared with the 1955 average of $11 900

Net income is the amount an operator has left after paying production costs Ohio's was $2,307 for 1956, compared with $2 153 in 1955

Ten states reported cash receipts from marketings and government payments totaling more than one billion dollars last year The 10 included Ohio with $1,028 - 076 000 compared with $991 358,000 in 1955

New York Stock Market

NEW YORK (AP)—A fairly active stock market moved upward early this afternoon.

Gains of fractions to around a point were posted by key stocks.

Turnover was at a rate about the same as Monday.

The advance was fairly general in a continuation of better feeling regarding a reduction of tension in the Middle East, brokers said.

There was scant reaction among the so-called international oils with big interests in the Middle East to the new atmosphere prevailing there.

Steels continued to improve. Youngstown again was up around a point as was Allegheny Ludlum.

Leading rails were mostly on the upside but by small margins.

Gains of around a point were posted by International Nickel, Phelps Dodge, Union Carbide, Air Reduction, American Cyanamid and Schering. Douglas added around two.

U. S. government bonds drifted higher.

Chamber Group Plans For BIE Day Activities

Plans for the annual Business-Industry-Education Day in Marion were discussed at a meeting of the Industrial Leaders Conference of the Marion Chamber of Commerce held Monday afternoon in the Chamber offices on S. Main St.

The BIE Day for city school students will be held on March 27 and commercial students in the county schools will observe BIE Day on April 3.

Arrangements for plant tours are being made by a committee headed by David Hughes. Lunch committee chairmen are Harold Young and Robert Riley and chairman of the speakers committee is Robert Norstrom.

A survey reveals that pensioned folks don't like being called "senior citizens" or similar euphemisms. They'd probably settle for "Buddy" and "Babe."

ANNOUNCEMENTS

1-B—IN MEMORIAMS

IN MEMORY of our dear wife, mother and grandmother, Murl Dutton, who passed away March 5th, 1955.
It seems like only yesterday
You smiled your very last,
We cannot seem to realize
That two long years have passed.
You bid no one a last farewell,
You said goodbye to none;
Your loyal heart had ceased to beat
Before we knew you were gone.
Sometimes it is hard to understand
Why some things have to be,
But in His wisdom God had planned
Beyond our power to see.
Sadly missed by
Husband, Sherman Dutton, and Family.

IN MEMORY of William Russell who passed away March 3rd, 1945.
His smiling face and pleasant way
Are a pleasure to recall.
He had a kindly word for each,
And died beloved by all.
Mrs. William Russell,
Children and Grandchildren.

I'M NOT GOING TO BEAT AROUND THE BUSH, EVE— I'M GOING TO TRAMPLE ROUGHSHOD OVER IT! ARE YOU IN LOVE WITH GRADY WORLOCK?
ME IN LOVE?!
I NEVER THOUGHT OF HIM THAT WAY, MISS MELLET. I MEAN, TO ME HE'S YEARS AND YEARS OLDER, AND SO FAMOUS—
YOU HAVEN'T ANSWERED ME, CHILD.
I'M COMING TO IT, MISS MELLET. NO, I'M NOT IN LOVE WITH HIM. WHY?
OH, NOTHING. IT'S MERELY THAT HE'S IN LOVE WITH YOU!

Missing Girl Case Is Closed

'Accidental Death' Is Verdict in New Jersey

BELLMAWR, N. J. (AP)—The tragic case of pretty little Mary Jane Barker, object of a week-long search, was all but closed today.

Camden County Coroner Robert J. Blake Monday issued a certificate of "accidental death by starvation and exposure" to officially clear the mystery of how the honey-haired four-year-old died.

For several hours after her body was found Sunday night, in a bedroom closet of the newly built, $25,000 ranch style house right next door to where she was last seen alive the previous Monday, there was some doubt as to whether the child had wandered into the closet herself or had been placed there by someone else.

A detailed search of the house Monday cleared up the major points, police said.

County Prosecutor Mitchell Cohen said an autopsy produced no indication the child had met foul-play. "We can only conclude," he said, "that she was there all the time."

Rites for Talbott Held in New York

NEW YORK (AP)—Several high government officials and a personal representative of President Eisenhower attended a funeral service Monday for former Secretary of the Air Force Harold E. Talbott.

Talbott, who held his Air Force post from 1953 to 1955, died Saturday in West Palm Beach, Fla., at the age of 68. A bronze urn, containing the ashes of Talbott, is to be placed in the family vault today at Dayton, Ohio, his birthplace.

Among the high government officials attending the services at St. James Episcopal Church were Atty. Gen. Herbert Brownell Jr., Secretary of the Treasury George M. Humphrey, Secretary of Commerce Sinclair Weeks and Secretary of Navy Thomas Gates. Maj. Gen. Howard Snyder, the President's personal physician, attended as Eisenhower's personal representative.

International Politics Is Not for Rotarians

GILBERTSVILLE, Ky. (AP) — A Rotary International official believes Rotary clubs should not get involved in international politics.

A. Z. Baker of Cleveland, immediate past president of the organization, told the opening of a two-day district Rotary conference that instead of getting involved in international controversies, they should lay the ground work for international understanding.

Because of its international character, Baker said the Rotary "can't attempt to influence government decisions. We must stay out of world, as well as local, politics."

Ruled Traffic Fatality

AKRON, Ohio (AP)—The death of Arthur C. Richards, 56, of Winesburg, Ohio, here Monday was ruled a traffic fatality by Dr. William J. Pittenger, Summit County coroner. Richards collapsed behind his pickup truck while inspecting damage incurred in a minor collision. The coroner said a ruptured heart vessel caused death.

'4-Fs' Could Be Used in CD Work, Mayors Are Told

WASHINGTON (AP)—A spokesman for mayors across the country suggested today that the "4-Fs" rejected from military service be pressed into Civil Defense work.

Baltimore Mayor Thomas D'Alesandro Jr. broached this idea in testimony prepared for a House Government Operations Subcommittee in its hearings on civil defense.

Speaking as chairman of the U.S. Conference of Mayors' standing committee on legislation, D'Alesandro said:

"I firmly believe that some thought should be given to requiring Civil Defense service from some of the people rejected by the Selective Service board because of physical defects.

"They could well discharge their civic responsibility in that manner and not be completely excused therefrom as under the present system. Some recompense should be provided, from federal funds, while so serving."

CONSIDER COLOUR CAREFULLY

Colour in diamonds, is one of four factors affecting price. Those with "body colour" of blue or white are more valuable than showing yellowish tints.

The untrained eye does not really detect these colour variations . . . but as experienced jewelers, we can show you these differences, and explain why price varies with colour.

The best diamond for your dollar is what you want. You will Understand real diamond values better after you have seen our new and easily understandable "KNOW YOUR DIAMOND" presentation. It takes just a matter of minutes . . . You'll never regret having all the facts before you buy!
